# CHRYSLER SHIPMENTS SET NEW RECORDS

According to figures released by Charles L. Jacobson, vice president in charge of sales, Chrysler Sales Division, Chrysler corporation factory shipments of Chrysler cars in December were the second largest in the history of this company's six and eight cylinder business exceeded only by the month of August in 1929. It was by a considerable margin the largest December that Chrysler ever had.

Mr. Jacobson also announces that the calendar year 1940 set a new all time high for Chrysler in the production of six and eight cylinder cars.

The production schedule of January orders already on hand to insure that this month will see a new record for shipment in a single month. It promises to exceed the previous high by at least 100 units.

P. A. Ford, Minister.

# CHRISTIAN SCIENCE CHURCHES

"LIFE" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 19.

The Golden Text was, "I will give unto him that is athirst of the fountain of the water of life freely. He that overcometh shall inherit all things; and I will be his God, and he shall be my son" (Rev. 21:6, 7).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "God that made the world and all things therein seeing he is Lord of heaven and earth, dwelleth not in temples made with hands. For in him we live, and move, and have our being; as certain also of your own poets have said, For we are also his offspring" (Acts 17:24, 28).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Because Life is God, Life must be eternal, self-existent. Life is the everlasting I am, the Being who was and is and shall be, whom nothing can erase... We should consecrate existence, not to the unknown God whom we ignorantly worship, but to the eternal builder, the everlasting Father, to the Life which mortal sense cannot impair nor mortal belief destroy" (Pg. 289, 428).

# BAD NEWS FROM GERMANY

Prof. Mobius of Leipzig said: "With us it is beer that ruins the people."

Dr. Wileminksky reported in Vienna an investigation of 1525 alcoholic deaths of whom 6 percent of the beer drinkers died of delirium tremens and only 4 percent of the whiskey drinkers so died.

Prof. Bollinger of Munich, a great beer center says that in 5700 autopsies held by him every sixteenth male died of a beer heart and one rarely finds in Munich a faultless heart or a normal kidney.

Estacada W. C. T. U.,

Winnifred Beck, Publicity.

"Knute Rockne, All American" will be at the Esta theatre this Sunday, Monday and Tuesday, January 26, 27 and 28. The outstanding sport picture of the year. Plus cartoon and news.—Adv.
