

Hessels Present Big Free Show

The Hessel Implement company of Gresham is extending a cordial invitation to you to bring your family and friends to their big free show to be held in the Eagles hall over the W. R. Hicks store at 2nd and Main streets in Gresham next Tuesday evening, February 25th starting at 7:30 o'clock.

There will be three hours of entertainment including the special feature "Melody Comes to Town." This is an all-talking picture with an all-star cast from Hollywood. It is an appealing story of rural community rallying to the support of a worthwhile cause. It is packed with sentiment, laughs and thrilling music. In addition two other motion picture features will be shown. The first of these is entitled "The Sheppards Take a Vacation" and is a picture that will keenly interest every farm family. It is both entertaining and instructive and depicts the change in harvesting methods that's taking place on small and medium sized farms throughout the country. It shows how the small combine is stretching grain-growing profits, saving time, hard work and money and making harvest a pleasant family affair. The second feature entitled "What's New in Farm Equipment" features the initial showing of newly developed farm machines for 1941. In this picture you'll see this interesting new equipment going thru its paces, demonstrating its ability to cut costs and increase farming profits.

Will Serve Refreshments

Refreshments will be served during the evening.

Another interesting part of the evening's program will be the showing of "cut-away" Caterpillar tractor parts. This will show the inner construction and action of all parts.

This year's show being held in the Eagles hall assures a warm comfortable room and plenty of seating facilities.

The Hessel Implement company urge that you come early and see the fine machinery display before the show opens.

Examinations for drivers license will be given at Sandy city hall on Thursday, February 27 from 9 a.m. till 4 p.m.

RACE WITH STORK WAS EXCITING

A race with the stork for about 65 miles at a pace of 70 miles an hour Tuesday was won by Bruce Bates. It was from 16 miles beyond Bear Springs on the Wapinitia cutoff to Sandy and six-pound Bruce Jr. and his mother are doing nicely.

The race and part of the highway was icy, started about 6:30 a.m. Mr. and Mrs. Bates and Bessie Mae 5, and Mr. and Mrs. T. W. Linn and Buster a 3 year old grandchild all piled into the car as Mrs. Bates warned, "there is nothing to do but go, and keep going." There was no physician closer than Sandy.

There had been no time for breakfast, Bessie Mae and Buster didn't like such speeding around curves and became sick. However only one stop was made, and for a moment, before the wheels stopped rolling at the Linn home in Sandy. Dr. C. Don Platner was just out of bed to answer another call but Bruce Jr. got the preference. The blessed event was over in 10 or 15 minutes.

Another inconvenience was that the layette for baby Bruce had not arrived as he was not expected for about six weeks.

Bates operates a sawmill near Bear Springs.

Deadline Nears for Spring Wheat Crop Insurance

Only a few days remain for wheat growers of Oregon to apply for all-risk insurance on their 1941 spring wheat crop warns W. H. Steen statg chairman of the AAA committee. The deadline for this year is Friday, February 28 after which the Federal Crop insurance corporation will accept no more applications. Applications may be made at any county AAA office.

Approximately 5000 growers have already paid premiums for insurance on their 1941 crops according to the records of the state office. These policies guarantee the holders to have approximately 3 1/2 million bushels of wheat to sell regardless of crop hazards.

Last fall a greater number of western Oregon growers than ever before applied for insurance. In 1940 461 growers collected a total of 146,642 bushels of wheat as a result of unavoidable damage or total crop failures. This much loss occurred even though 1940 was not a particularly poor year in the wheat counties of Oregon.

Those in charge of the crop insurance program point out that farmers who did not need to collect on their insurance nevertheless had the protection thruout the season and probably enjoyed considerably more peace of mind than those who carried no insurance. A home owner insures his house but hopes it will never burn down. In the same way they say the wheat grower insures his crop but never collects is to be congratulated.

See the battle between beautiful Dorothy Lamour and the deadly hooded cobra in "Moon Over Burma" at the Esta theatre Friday and Saturday, February 21 and 23. Second feature on this program is "Christmas in July," starring Dick Powell and Ellen Drew. —Adv.

CHRISTIAN SCIENCE CHURCHES

"SOUL" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, February 16.

The Golden Text was, "Let all those that seek thee rejoice and be glad in thee; and let such as love thy salvation say continually, Let God be magnified" (Ps. 70:4).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For they that are after the flesh do mind the things of the flesh; but they that are after the Spirit the things of the Spirit. For to be carnally minded is death; but to be spiritually minded is life and peace" (Rom. 8:5, 6).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When once destroyed by divine Science, the false evidence before the corporeal senses disappears. Hence the opposition of sensuous man to the Science of Soul and the significance of the Scripture, 'The carnal mind is enmity against God'" (p. 131).

CANNED fresh prunes are not only called by some canners (who ought to know) "the best thing that was ever put into a can," but they are mighty accommodating about the ways in which they can be served. Beginning with breakfast, here are some of the ways:

Cracked Wheat with Canned Prunes: Bring two cups water and one-half teaspoon salt to boiling, add seven-eighths cup canned cracked wheat, and let boil directly over the fire for five minutes. Then cook over hot water for an hour and a half. Make the night before, and simply reheat in the double boiler in the morning. Serve with canned fresh prunes and top milk or cream. Serves four liberally.

Keep the Children Happy Another prune dish that will help to keep the children happy at breakfast is this:

Compote of Figs and Prunes: Turn the contents of a 9-ounce can figs, one cup of canned fresh prunes and one-third cup water into a sauce pan and simmer gently for about fifteen minutes. Serve cold. Serves five, or four liberally.
