Oregon Approves Wheat Quota by 5555 to 260

Official returns from the 30 Oregon counties having growers eligible to vote in the wheat marketing quota referendum show that Oregon growers approved the quotas by a favorable vote of 95.5 percent of the 5817 votes cast. The final total showed 5555 votes in favor of the quotas on 260 against. Approximately 83 per cent of the growers eligible to vote actually cast their ballots.

Lake was the only county failing to approve the quotas by the necessary two thirds majority. The vote there was 47 yes and 31 no. Five counties reported a unanimous vote in favor of the plan, these being Columbia, Deschutes, Grant, Morrow and Multnomah.

In Crook and Josephine there was only one negative vote.

In announcing the results the state AAA office paid a tribute to the educational work in the various counties by the county and community committeemen and the extension service which resulted in such a heavy vote being recorded. Oregon gave one of the heaviest majorities in the nation in favor of the plan which was carried nationally by a more than 80 percent favorable vote.

NEW SPORT REGULATIONS NOW IN EFFECT

Persons eligible for old age fishing and hunting licenses may apply for them after June 14 when new game laws become effective.

Under the provisions of the bill passed by the legislature any person over the age of 65 who has been a resident of the state of Oregon for 10 years or more who makes an affidavit before a county judge or the chairman of a board of county commissioners that he is unable to pay the regular fee may obtain a special license for fifty cents.

Special affidavit forms have been furnished to all county judges and also may be obtained from the office of the Oregon state game commission 616 Oregon building, Portland. The fifty-cent fee together with a report on the game and fish taken in the previous seasons as required by law, must accompany the application.

On July 1 there will be a change in the non-resident angling license. The two-day non-resident angling license fee of \$2 has been eliminated and in its place will be sold a ten day angling license for \$3.00.

Spanish American war residents may obtain special licenses after five years of residence in Oregon instead of twenty years as previously required.

Other game laws include provision for enlargement of the area of the Corvallis watershed wild animal refuge; setting aside an area east and north of Canyon creek in Grant county for bow and arrow hunters during deer season; making provisions for avoiding conflict and difficulty in the enforcement of game laws on the Snake river where that river serves as the boundary line between Idaho and Oregon.

Another law passed by the legislature prohibits the taking of salmon or any other food fish by any means on the Willamette river or its tributaries after July 1.

An emergency clause was attached to the bill granting the game commission power to set seasons and bag limits and as a result this law became effective as soon as the governor signed the bill.

GARFIELD

Hector Anders brot Leonard Anders to the Oregon City hospital from Detroit, this state where he received a compound fracture of his right leg between the knee and ankle.
