### "THE ROUND UP" IS TOP ENTERTAINMENT

Top entertainment in westerns was gathered up by Paramount and aced into "The Round Up" which is the first feature of the double bill at the new Broadway theatre this Friday and Saturday. A thrilling outdoor romance topped off by gun-blazing action and spectacle is portrayed in a story that does justice to the famous trio of stars that head the east. Richard Dix shares the honors with beautiful Patricia Morison and Preston "Northwest Mounted" Foster. Loaded with everything in the books "The Round Up" succeeds in living up to its title. Exciting battles between Indians and white men stampede their way across the screen interspersed with six-gun, hand-to-hand matches. Don't fail to tie up at the Broadway hitching post and enjoy "The Round Up" this week. Second picture on the program stars Jackie Cooper and Jane Withers in "Her First Beau". This is "tops" in entertainment with Jackie and Jane at their best.

### "Dive Bomber"

The magnificent technicolor picture "Dive Bomber" starring Errol Flynn, Fred MacMurray comes to the Broadway this Sunday, Monday and Tuesday, November 2, 3 and 4. Every type of fighting and observation plane used by the U. S. navy including the newest super-bombers and fastest pursuit and interceptor planes of the assembly lines were used in filming this new picture. The cast in addition to Flynn and MacMurray include Ralph Bellamy, Regis Toomey, Robt. Armstrong, Craig Stevens and a score of other young leading men in minor cadet and pilot roles. Only woman in the cast is the strikingly lovely Alexis Smith who appears briefly but memorably to stir up a little trouble between Flynn and MacMurray. Just as the U. S. navy air fighters fill the sky with "America's glory" the picture "Dive Bombers" fills the screen with thrills.

### "The Invisible Woman"

The hilarious production "The Invisible Woman" comes to the Broadway theatre on bargain night, Wednesday and Thursday, November 5 and 6. Intended to outshine the amazing tricks of its fore runner Universal's "The Invisible Woman" stars

John Barrymore, John Howard, Charlie Ruggles and Oscar Homoka. The novel story of the picture presents Barrymore as an eccentric professor who discovered a formula for human invisibility. Miss Bruce as a discouraged dress model offers herself as a subject for the scientist's experiment which proves completely successful. Therupon Miss Bruce employs her invisibility to gain revenge on an abusive employer, to torment a young playboy and his befuddled butler with her invisible pranks and even round up a gangster mob in a hilarious sequence. Program concludes with the eighth chapter of "Riders of Death Valley."

### CURRINSVILLE

Mrs. Mae Shirley from Grants Pass and Madeline Fourier of Estacada called at the R. H. Currin home on Monday.

Mrs. Clara Webber moved from the Richard Githens cottage to a cottage on the Robert Heiple farm recently.

J. Courtain recently bought the Whitlock place close to Estacada.

Bob Walter has been visiting his mother the past week.

Mrs. Glen Davis and the twins have been spending the week visiting at the Henry Heiple and Richard Davis homes while Glen was away on a hunting trip. Richard Davis and Clyde Schock accompanied him and all three brot back a buck.

Mr. and Mrs. Wagner from Portland spent the week end on their farm here.

The Morris family on the Currin place had a telephone installed last week.

Mr. and Mrs. Pete Boichuk of Redland entertained for dinner on Saturday Mr. and Mrs. Floyd Hale, Mr. and Mrs. R. H. Currin and Mr. and Mrs. Henry Heiple. Other guests were Mr. and Mrs. G. Norman from Redland and Mr. and Mrs. Fisher of Beaver Creek.

Henry Heiple spent the week end at Camp Eight as a guest of Mr. Poole. On Saturday they got their deer, a fine big buck.

On Friday Mr. and Mrs. Currin drove to Crawfordsville to see his sister Mrs. Sara Spurlin who makes her home with the Art Weigle family. Mrs. Spurlin has been an invalid for several years caused from an injury sustained from a fall.

Bob Jones is telling the other boys just how he did it, shooting his first deer on his first hunting trip.

### Will Protect Farm Prices

Oregon farmers who volunteer to help in producing the increased quantities of dairy products, eggs, chickens and hogs sought in the 1942 farm defense program will have protection of new federal farm legislation against price collapses for these particular commodities, Robt. B. Taylor chairman of the state USDA agriculture defense board pointed out this week.

This new act of Congress the Sten-gall amendment requires the secretary of agriculture to give public notice whenever he finds it necessary to encourage the expansion of any non-basic commodity. The law further directs him to use public funds to support the farm price of the commodity at not less than 85 percent of parity.

Before the secretary can discontinue a price-supporting program he must give sufficient public notice of the termination to permit producers to make a readjustment in production Taylor explained.

Secretary Wickard has already given public notice covering until December 31, 1942 eggs, hogs, evaporated milk, dry skim milk, cheese and chickens. This protection is not required now because the farm prices of all of these commodities are well above the 85 percent parity level. These "floor prices" will enable farmers to plan their 1942 production in the knowledge that prices can and

MAKERS OF ENRICHED BALANCED BUN BREAD

will be supported should it become necessary, Taylor added.

The following commodity parity prices on a national basis were reported as of September 15, 1941. Butterfat 34.8 cents a pound, chickens 15.3 cents a pound, eggs 33.3 cents a dozen, hogs \$9.89 a hundred weight, beef cattle \$7.14 a hundred weight. These parity prices are not constant however, but are subject

to change depending on the changing relationship of farm costs to farm prices as compared with the 1910-14 base period.

"This new price supporting development is an added feature of the national farm program designed to protect the income and security of the farmers who answer America's call for greater production of the vital foods," Taylor commented.
