THE REAL THING

The English mistress suspected one of her two sons was paying attention to the maid.

Anxious to find out which one she said to the girl:

"Mary, supposing you had the chance to go to the movies with one of my two sons which one would you choose?"

"Well," replied Mary, "it's hard to say, for I've had some good times with both of them but for a real rollicking spree, give me the master."
