

ESTACADA LOCALS

Miss Betty Hughes left Wednesday morning by bus for Seattle where she will spend the Thanksgiving vacation visiting her sister and family.

Note the money saving values in magazines offered in combination with this newspaper elsewhere in this issue.

Principal M. F. Johnston has returned to his duties at the Estacada union high school after being confined to his home for a few days.

The Red Cross membership drive in the Estacada district is progressing very satisfactorily according to Attorney Frank Shelton of Estacada, chairman of the local committee.

The Red Cross ladies will hold their regular meeting in the city hall on Friday, November 21. A large attendance is urged.

The food sale and bazaar sponsored by the women of the Methodist church last Saturday at the Hedgecock Grocery & Market was well patronized.

Orchard Ridge Dairy. Refrigerator cooling system, good cold milk, butter and cream the whole year round.—Oscar Judd.

Max Gilgan arrived home last week for a brief visit with his parents Mr. and Mrs. Wm. Gilgan.

Mrs. F. E. Dooley was honored with a birthday party recently at the home of her sister Mrs. E. C. Saling in Oak Grove.

Thanksgiving dinner guests at the home of Mr. and Mrs. F. E. Dooley were Mr. and Mrs. T. H. Morton of Eugene and the Ted Saling family of Estacada.

Mr. and Mrs. A. H. Brix of Knapton, Wash., Mr. and Mrs. Elmer Larson and son and daughter of Gresham and Mrs. Gladys Titus of Otis, this state spent Thanksgiving at the home of Mr. and Mrs. George Fourier.

Mr. and Mrs. Perry Cahill and daughter Carol of Ashland are visiting relatives in this community.

Deep Creek Dairy.—Morning deliveries of cream and milk. Call Carl Rehberg, Tel. 86-51.

Byron McKenzie who has been at Prineville this state helping his brother Jack operate a quicksilver mine returned home this week end. He went back to Prineville Monday accompanied by his sister Ella and they expect to remain for an indefinite time.

Mr. and Mrs. R. H. Keeth and Mr. and Mrs. C. A. Norris were Portland visitors Friday evening. The men attended a labor meeting and the ladies enjoyed a show.

M. T. Schuster of Milwaukie one of the Northwest's leading musicians and piano tuners was a business visitor in Estacada Friday.

Starley Sparks and Mona Lee Hayden will sing over the Stars of Tomorrow program on radio station KGW at 11 a.m. Saturday.

Mary Martin and Don Ameche in "Kiss the Boys Goodbye" is 1941's biggest, gayest musical hit. See it at the Broadway this Friday and Saturday, Nov. 21-22.—Adv.

Rex Orser and Jiggs Pedersen finished their work in the forest service for the present season this week. They have been doing some timber cruising, repairing roads, etc.

A large crowd enjoyed the free public program at the Estacada grade school Tuesday evening of this week.

Two former Estacada residents, Ernest Park, son of Mr. and Mrs. Bert Park and Miss Virginia Menke, daughter of Mr. and Mrs. Ivan Menke will be united in marriage this coming Saturday, November 22nd at the First Baptist church in Albany. Both are graduates of the Estacada high school.

The Ted Saling family went to Portland Friday evening. Mr. Saling attended a labor meeting and Mrs. Saling and the girls went to a show.

Thanksgiving dinner guests at the R. O. Reed home yesterday were: Miss Mary Alice Reed of Corvallis, Mrs. Mae O. Reed of Estacada, Mrs. Nora Richardson and family of Seapoose, Kenneth Koenig of Portland, M. G. Oakley of Newberg and J. L. Richardson brother of Mrs. R. O. Reed who is in the U. S. navy and is visiting at the Reed home.

The joint meeting of the Masonic lodges of Clackamas county held on Friday evening of last week at the local Masonic temple was largely attended and a fine program presented.

Carl Wilson of Estacada, route 2, was admitted to the Oregon City hospital Monday of last week.

Mrs. W. R. Hayden has sold her place in South Estacada to Liela M. Ware of California. Mr. and Mrs. Wm. Ware will occupy the place and are moving in this week. The deal was made thru the Wooster real estate office at Estacada.

THREE LINKS

We are happy to hear that Roger Schaefer who has been ill for about three weeks is convalescing and will be able to return to school next week.

H. R. Poole, P. G. E. supervisor here left for a two week vacation last week. His destination was unknown.

Mrs. J. H. Tracy visited for a week here with her daughter Mrs. H. E. Wooster.

The Norquist baby, Gary, is on the sick list this week. He has been ill about three weeks and was in the hospital three days.

Several of the employees here have been taking their annual vacations recently. Among them are Emery Anderson, Chas. Siedel and Earl Gunter all of whom went elk hunting in eastern Oregon. Mr. Gunter was accompanied on his trip by G. D. Townsend and Shirley Barker both of Portland. Each of the party bagged an elk.

We are happy to hear that Lee Erickson has been released from the Oregon City hospital after spending two weeks at that institution. However he will be confined to bed for an indefinite period under the constant supervision of Dr. W. W. Gilbert.

Work is nearly completed on the house being remodeled here by the company to serve as the new cook house. The new structure will be of the most modern design and accommodations.

See "Wild Geese Calling" a romance of action and thundering drama of the great Northwest at the Broadway theatre this Sunday, Monday and Tuesday, November 23-24-25. Starring Henry Fonda, Joan Bennett, Warren Williams, Ona Munson, Barton MacLane.—Adv.

Christian Church Notes

10 a.m. bible school. This is the Thanksgiving week. Certainly America should bow her head in humble thanksgiving or gratitude for the blessings possessed as well as for the disasters she has so far escaped and should cease not to pray for peace. The way to this continued blessing is given in II Chron. 7:14. "The Bi-

ble." 11 a.m. hour of worship in hymn, prayer, communion and sermon. Sermon subject "For the Sake of One Man." If you haven't a church to go to you are welcome here.

Palmar A. Ford, Minister.

Improved Dry Kiln Fans
Designed by College Man

Designs for improved type fans for use in lumber dry kilns together with technical descriptions of scores of tests made are contained in a new engineering experiment station bulletin No. 16, just issued at Oregon state college. "The Improvement of Reversible Dry Kiln Fans" is the title of this bulletin written by A. D. Hughes assistant professor of mechanical engineering who has been carrying on tests for several years in cooperation with one of the lumber associations and a manufacturer of dry kiln machinery.

The improved performance obtained with the new design fans can be attributed to the use of a smaller number of wider blades, smaller blade angles, higher speeds, a larger hub and a stationary shroud ring. Prof. Hughes reports. Plywood blades were used satisfactorily in many of the tests.

The experiments were carried on in a special duct for testing full-size 60-inch diameter fans. Twenty-two different types and sizes have been tested in this duct. With the laboratory phases of the investigation practically complete the bulletin was issued as a progress report prior to trying out the new type fans under actual kiln conditions. Such tests have been started this fall in cooperation with the school of forestry.

Professor Hughes also found that immediate improvement can be made in most existing commercial equipment by the installation of a stationary shroud ring for each fan.

Food Research at OSC
Interests Dr. Mitchell.

Research studies in human nutrition being carried on in the school of home economics at Oregon state college drew the attention of Dr. Helen Mitchell chief nutritionist in the civilian defense organization, Washington, D. C. on a recent visit to Corvallis.

She showed particular interest in a piece of apparatus just obtained called an electronic photofluorometer which is a new device for detecting the present and amounts of vitamin B-1 in foods and is now instal-

led in the research laboratory operated by Dr. Margaret Fincke of the nutritional staff.

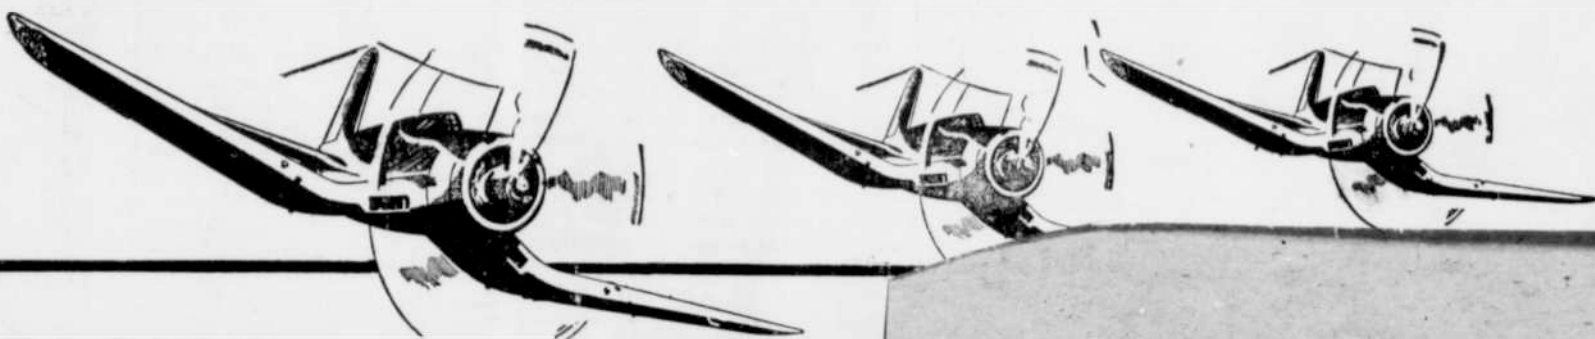

Dr. Mitchell praised the work of the Oregon nutrition defense committee and urged among other things the stressing of the use of iodized salt as a health measure.

CHRISTIAN SCIENCE CHURCHES

"THANKSGIVING" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Thanksgiving Day.

The Golden Text was, "Offer unto God thanksgiving; and pay thy vows unto the most High; and call upon me in the day of trouble; I will deliver thee, and thou shalt glorify me" (Ps. 50: 14,15).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O give thanks unto the Lord, for he is good; for his mercy endureth for ever. Let the redeemed of the Lord say so, whom he hath redeemed from the hand of the enemy. Oh that men would praise the Lord for his goodness, and for his wonderful works to the children of men!" (Ps. 107:1,2,8).

LEARN TO BE A SPECIALIST IN AVIATION

FREE training worth \$1500

AND REMEMBER—
THE NAVY PAYS YOU WHILE
YOU LEARN!

RIGHT NOW planes are rolling out of America's factories by the thousands. Aviation is America's fastest-growing industry. The opportunities for trained men, now and in the future, are almost unlimited. That's why the United States Navy's offer of FREE AVIATION MAINTENANCE TRAINING is so exceptional. Because in the Navy you may, if qualified, get the finest aviation training in the world absolutely without cost to you. And on top of it, you earn while you learn!

Variety of Aviation jobs

There is a variety of jobs in Navy aviation. Some may become experts in Aviation Metal-smithing . . . specializing in welding, brazing, electroplating and the other crafts essential to the cutting and fitting of metal parts of planes. Others, as Aviation Machinist's Mates, operate, care for and repair aviation engines. While some become specialists as Aviation Radiomen. Think of the future now. Any branch of this training would fit you for important jobs in the years to come.

But aviation offers only one of the many opportunities for you in America's new two-ocean Navy. There are actually 45 skilled trades and vocations which the Navy may teach you if you are qualified. If you are interested in radio work, engineering, aerial photography, carpentry, pharmacy, welding, the Navy may train you to become an expert in your chosen field.

If you apply yourself, advancement and increases in pay will follow regularly. Before the

end of your first enlistment you may be up to \$126 a month—with your boots and a complete outfit of clothing free! At the end of your term of service, you will have a job in civil aviation or other fields, and your training will be a tremendous asset.
