Destroy Many Rodents in County

Clackamas county grangers destroyed a total of over 17,000 rodents and other animal and bird pests according to Geo .Gill, chairman of the Pomona grange agricultural grange rodent control contest which ended recently.

Nineteen Clackamas county subordinate granges participated in the 1941 contest and Mr. Gill announced Maple Lane led the procession with a total number of 866,175 points. A certain number of points were given for each animal or bird pest destroyed.

Included in the list of varmints are coyotes, rats, ground squirrels, rabbits, gophers, moles, horned owls, mountain boomers, crows or ravens, field mice and house mice.

Others finishing high in the contest include Eagle Creek grange, Harding juvenile grange which accounted for 13 coyotes during the past year and Damascus grange.

UNCLE SAM'S SAILORS ON HORSEBACK SEE PANAMA FROM THE SADDLE

No, the U. S. Navy doesn't have a cavalry unit, but many a sailor straddled leather before giving up his bucking broncho or plow horse for the bounding main.

The sailors in whites above are seamen in the U. S. Naval Reserve on shore leave in Panama. No distinction is made between sailors in the Naval Reserve and those in the regular Navy. Enlistment in the U. S. Naval Reserve is for four years, but all men enlisting in the Naval Reserve will be released to inactive duty as soon after the national emergency as their services can be spared, regardless of the length of time remaining in their enlistment. If the emergency ends within a period of several months, those enrolled in the Naval Reserve will not be required to complete their 4 year term in active service.

Opportunities for advancement, to learn skilled trades, for travel and adventure are identical whether a man enlists in the regular Navy or the Naval Reserve, and his pay, food, clothing, medical and dental care are the same.

Agricultural committeemen assembled at a conference in November said they had noticed a great decline in the number of pests in the communities in which the campaigns had been conducted.

Cash prizes are being awarded for the winners in the contest by the county court, the Oregon City chamber of commerce and the Pomona grange.

Except for mice the house rat was the most numerous pest in Clackamas county as accounted for in the campaign. Granges destroyed 3377 of these pests during the year.

CHRISTIAN SCIENCE CHURCHES

"GOD the Only Cause and Creator" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 7.

The Golden Text was, "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created" (Rev. 4:11).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O come, let us worship and bow down: let us kneel before the Lord our maker. For he is our God; and we are the people of his pasture, and the sheep of his hand" (Ps. 95:6,7).

The Lesson-Sermon also included the following correlative passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the divine Principle of all that really is. All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love" (p.275).

KILLING DEER OUT OF SEASON WAS PROVEN

Louis P. Rivers, 50, and his son Lester, 22 both of Eagle Creek were arrested by state police sergeant Meads Sunday on charges of hunting deer out of season and when tried in the Estacada justice court Monday each was fined $100.

The arrests were made at Squaw Mountain and the hunters bagged a doe ,Meads said and this was turned over to the Salvation army for distribution among the needy.

NAVY ASKS KNITTERS TO GET BUSY AT ONCE

The navy needs men but it also needs knitters. Uniform items knitted from wool yarn furnished without charge by the Red Cross are now wanted by the navy department from volunteer knitters.

Regulation pull_over sweaters, gloves, watch caps ond scarfs are the articles the navy will receive with thanks. Patterns and knitting directions may be obtained from the Red Cross.

Any such items may be sent for for distribution directly to individuals in the naval service or to local Red Cross chapters.

First In ...view

The first presidential interview was held when George Washington decided to retire from the presidency. He sent for David C. Claypoole, editor of the Daily Advertiser in Philadelphia. After explaining his plans to Claypoole, he informed him that he had some reflections upon the occasion which he wished to communicate to the people of the United States through the Daily Advertiser. Claypoole was given a copy of the Farewell address, which he published in his paper in the edition of September 19, 1796.
