Just as the Star of Bethlehem
Shown gloriously bright,
To lead the Wise Men from afar,
On that first Christmas night,
So may the glory of His love
Shine ever in your heart,
To bring you all the happiness
His blessing can impart.
When friendly wishes fill the air,
When Christmas bells are ringing,
May you know all the Happiness,
This Joyous time is bringing.

Now You MUST Save Your Tires

Come in and Let Us Help You

Here's how we are prepared to do it.

We are tire experts. We are ready and eager to help you get thousands of additional miles out of your present tires.

Therefore, we urge you to come in today and

- 1 Have your tires examined now for cuts and bruises that should be repaired immediately. Our repairing is expert, guaranteed.
- 2 Retread any tires that need new treads. If the tire bodies are sound, such tires can be retreaded. Our retreads are made of Goodyear materials by factory trained experts; and are fully guaranteed.
- 3 Have us rotate your tires to increase tread mileage as much as 25%.
- 4 Have us check your tire pressures. Too little pressure breaks down sidewalls. Too much pressure wears out center of tread.

Come in today, or telephone us for an appointment if you want to be sure of prompt attention.

FREE BOOKLET

While They Last

Come in for your copy of the new illustrated booklet telling how you may get more trouble-free economical miles out of your tires.

Goodyear

This Complete Wheel Service will save your tires

WHEEL ALIGNMENT---
When a wheel is 1/2-inch out of alignment the tire is dragged sideways 87 feet in every mile. Think how much extra wear this means.

Let us check your wheel alignment. We have the equipment to correct any trouble quickly---At Low Cost.

WHEEL BALANCING---
Spotty wear, tire "cupping" and "scuffing" is caused by wheel being out of balance. Proper wheel balance saves tires.

BRAKES---
Unequally adjusted brakes will cause one tire to grip more than the others. Naturally the braking tire wears out more rapidly. We remove front wheels and brake drums, wash front wheel bearings, repack bearings with fiber grease, free-up brake system.

TIRE TREADING---
A Goodyear retread gives you thousands of miles of extra service at low cost. Let us inspect your tires. If your tire bodies are sound, they can be retreaded. Our retreading is done by factory-trained experts.
