

In observance of National Advertising Week, the CLACKAMAS COUNTY NEWS takes this opportunity of expressing appreciation for the support and cooperation given us by its advertisers the past year.

LEST WE FORGET, advertisers are footing over two-thirds of the bill to provide this little community with your local news service. In addition, their support makes available to any community group or organization, store facilities for food sales or bazaars for the asking. They also make possible the free advertisement of these activities, such as the Eastern Star Food Sale, Sat. Feb. 25, and the Luncheon Is Served being sponsored by the Garfield Grange at the Estacada Grade School Cafeteria at noon, Feb. 25. This has been our policy for the past year and will continue. The Clackamas County News cannot take credit for without advertisers it would be impossible. Your expression of appreciation to the following advertisers will be appreciated--IF NOT BY PATRONAGE--WORDS:
