Multicolored bouquets of tulips, lilacs, iris, and other spring flowers, decorated the tables, at which the guests were served refreshments of angel food cake and ice cream. ess responsibilities for this shower.

**EYES ALOFT**

Nora Carpenter, a faithful Observer until she moved to California a few years ago, is visiting Estacada friends. There is a plan afoot to draft her for Tower service at least once while she is here.

The new Aircraft message form (yellow sheet) is now in use and columns No. 3, function of Aircraft and No. 8, distance from Post are both to be omitted.

We would be remiss in our duty as a reporter if we failed to set down here that S-Sgt. Mattson wore his new summer uniform, and very smart too, on his most recent visit to Estacada. Also we are informed that the Sgt. has the promising beginnings of a moustache. All this will be apparent on attendance at the Wednesday evening meeting.

Peggy Anders, who served at the Tower until taken to the hospital some time ago, is at home convalescing.

Larry Anders has taken up Observer duties again for the Garfield Grange after an interval when high school studies kept him too busy for sky-watching.

Park's Mill has donated another load of wood for the stove at our post. Estacada Volunteer Fire Dept. members have volunteered to help our supervisor, Red Underwood with delivery.
