## Dam Viewpoint Is Removed

The visitors' viewpoint facility at Portland General Electric company's North Fork hydroelectric project on the Clackamas river was removed this week to clear the area for work on fish facilities.

L. J. Kelsch, PGE's resident engineer, said the viewpoint building was taken down with reluctance, but it was impossible to stay on the construction schedule with the structure in place. Due to the steep slopes in the area, the building will not be reinstalled until later in the year.

Ample parking space for visitors is available above the dam, which is now 42 percent complete. Construction makes parking at the site very hazardous, Kelsch pointed out.

## Firemen Planning District Meeting

The Estacada Volunteer Firemen held their regular meeting last Monday evening at the city hall headquarters.

Following the regular order of business, a report was made by officers Sagner, Castile and Gray involving affairs for the good of the department. Glenn Hartwig, chairman for the coming Clackamas County Firemen's Association which is meeting here in Estacada on March 17th, gave a resume of the coming program.

President Farnk Marshall officially swore in two new members for the department, Curly Kitching and Arnie Anderson.

The community should take notice of the new gayly painted fire doors on the north end of the city hall building. Capt. Hartwig and staff are finishing up the painting this week. The color scheme blends very well, being a mild golden yellow and is expected to stand up under the local weather elements.

Herb Williams' name was drawn to furnish refreshments for the next meeting on Feb. 24. Hartwig served as host for the meeting that evening and a short movie followed the refreshment hour. 14 members were in attendance.

## What's Doing at the Local Theatre

Now playing at the Broadway Theatre a pair of exciting stories about the teen age set. The first "Dragstrip Girl" features a battle for love of pretty Fay Spain, and for the hottest-hoed rod in town by young Steve Truller and dynamic John Ashley. The races are excellent as well as excitement of the roman ride and chicken race. The second feature "Rock All Night" stars Dick Miller and Abby Dalton with the recording stars—the Platters.

Four sisters left alone after their father and brother are killed in war, as well as the one girl's husband. Faced by loneliness the three older sisters find gay companionship after the Marines land. From then on see the climatic finish. All star cast headed by Jean Simmons, Joan Fontaine, Paul Newman and Piper Laurie.

Starts next Wednesday: A western with George Montgomery "Pawnee" plus a story of the back hill country in "Taming Suttons Gal."

## Cavaliers Defeat Estacada Tigers

The Clackamas Cavaliers were forced to come from behind the last half to defeat determined Estacada 53 to 50, Saturday, Feb. 8th.

The visiting Rangers, defeated badly by Molalla only 24 hours before, were a new team Saturday and almost came up with their first win of the season. Three Estacada players fouled out in the last part of the game to hurt their upset hopes considerably.

Robin Cody continued to lead the locals in scoring by throwing in 14 points, but his effort was overshadowed by the Cavalier center, Craig Cochran, who scored 30.

Relatives and friends of Mr. and Mrs. Bob Bess and son Bobby have been enjoying a visit with them recently. Parents of the couple are Mrs. Lois Bess and Mr. and Mrs. Rowland L. Girt. This their first trip home from Klamath Falls since Mr. Bess completed his work at O.T.I., receiving a grade point average of 4.0 his last term. Both are graduates of Estacada high school. They will return this week to Klamath Falls to continue making their home where Mr. Bess is employed by Kerns Company.

The teams competing will be Molalla, Canby, Scappose, Estacada, Sandy, Gervais, Sherwood, North Marion, Silverton, Cascade and Woodburn.

Matches will be held in Molalla High School gym, Friday afternoon and evening, Feb. 14. Also Saturday morning, afternoon and evening Feb. 14th.

## Local Kiwanis Club Hears Swimming Pool Facts

Kiwanians listened to the swimming pool-building experiences of Gene Bonney at the noon meeting of Feb. 3. Mr. Bonney is shown seated on Pres. Bob Cody's right (seated) with Dave Horner and Bob Clayville. Left to right standing are Duane Day, Vern Sutton, Billy Griggs, Ray Hayden, Allyn Price, Larry Berentzen, George Kimmel, Tom May, Chuck Baker, Woody Miller, Dick Schmidt, and Al Burton.

The interesting feature of the meeting was that in view of Gene Bonney's pool experience, it would seem that with community support, donated work and some materials, that \$15,000 could provide us with an outdoor pool. Mr. Bonney was one of the original members of the Estacada Kiwanis Club. It is hoped that he will return to an active status.

## TOWN TEAM CHALKS UP VICTORIES

The Estacada town team defeated both the high school basketball teams on the high school floor Feb. 1.

The high school boys were just too tired from an all out effort against the Central team, the night before.

The town team lost to the Colton Vikings Monday night of last week on the Colton floor by a 52 to 44 score.

The local boys led for the first three quarters but finally were overcome by the Viks. The Estacada team jumped to a quick 9-0 lead early in the first quarter only to have the Colton crew come back to a 11 to 10 score at the quarter mark. Estacada again jumped to a 10 point lead by half time as they led 26 to 16.

Gordon Bigler recovering from a bad cold had to move to the side lines at half time with Leroy Kiggins following him shortly after the third period started with a cut over his left eye. The loss of these two men was really felt as the Viks began to overtake the local lads.

At the close of the third quarter the score was all tied up at 33 points each. The Viks continued to move and soon had the final score 52 to 44.

The town team's next home game will be Feb. 19 against Valberg Lumber of Sandy at the Grade School at 8 P.M.

## Near Half-way on Dam Project

The 42 percent complete mark has been reached on the Portland General Electric company's combined North Fork hydroelectric project and addition to the present Faraday power plant on the Clackamas river, according to L. J. Kelsch, PGE's resident engineer.

Concrete placement is continuing on the 207-foot North Fork arch dam where nearly 50 percent of the structure has been topped off with a total of 65,085 cubic yards of concrete in place.

At Faraday where principal work at present is the completion of a nearly half-mile long diversion tunnel to replace an existing wooden flume, the first stage of tunnel lining operations is moving forward.

The tunnel, which has been driven through except for a 25-foot plug section, which will remain as a temporary precaution, is receiving the first section of its permanent concrete lining. The floor or invert section is being laid first and when this is completed a traveling form will be installed to complete lining on the sides and top of the horseshoe shaped tunnel.

Nearly 300 feet of concrete has been placed in the tunnel floor section, which Kelsch estimates will take about a month to complete.

A work force of 376 men was on the job at the combined \$24,000,000 project which is scheduled for trial operation in the fall.

## Molalla Indians Scalp Rangers

The hosting Molalla Indians ran rough shod over the visiting Rangers, 86 to 34, Friday, Feb. 7th.

The Indians led at all the quarters, 18-6, 42-11, 54-21, and 86-34.

Molalla, along with Dallas, is one of the top A-2 teams in the state, and one of the favorites to win the league title.

Estacada's underclassmen dominated team, is still looking for their 1st win of the season.

Robin Cody led the Ranger scorers with 8 points.

Dave Bleok with 19, followed by Marson with 15 and Larsen's 12, were the top efforts for Molalla.

## Rehbein Heads Toward National Golden Glove Title

Jerry Rehbein, Estacada's slugging flyweight boxer, won his second Golden Gloves championship in three weeks as he punched out a close decision over Benny Brown of Portland in the Portland Golden Glove finals last Saturday night. Rehbein defeated Jodie Harris and Larry Sypher to gain the finals.

Benny Brown also defeated two opponents before meeting Rehbein. The Rehbein-Brown fight was as exciting as it was close. Only Rehbein's aggressiveness and punching power gained him the judges nod.

This was Rehbein's second win over Brown in three weeks the other being in the Tacoma Golden Gloves.

Rehbein has made an excellent record for his first year in Golden Glove competition, winning both Tacoma and Portland. He will enter the Seattle contest Friday, Feb. 21, where he is favored to win his third Golden Glove crown. Regardless of the outcome of this contest, Rehbein still goes to Chicago in April for the national tournament. Fred McNally, Rehbein's trainer, will accompany him to Chicago.

S-FC Dick Fredericks, son of Mr. and Mrs. John Fredericks of Three Lynx is home on furlough from a naval base in Hawaii. He came home by plane.
