DODGE

(By ANNE JUSTICE)
Tom Stroeder who is master of the Springwater Juvenile Grange, spent several days last week at the state grange convention in Eugene. Tom really enjoyed himself, especially being driven around to various functions in the 1958 Oldsmobile curtesy cars.

Cheryl Wagner, of the Needle Notes 4-H sewing club left last week for 4-H summer school in Corvallis.

Jonnie Ann Wolford has returned from a short visit in Tacoma with her sister and brother-in-law, Mr. and Mrs. Stanley Rutherford.

A large group of Dodge citizens held a pot luck supper at the Community hall Friday evening. After dinner everyone enjoyed a meeting and short program. The program included Kathy and Eva Mason of Seattle who sang Shortnin' Bread in blackface; Ronnie and Stevie Slane in a skit called "The Viper Is Coming;" Carol Simmons, Cheryl Wagner, Laverne Reynolds and Jonnie Ann Wolford sang a hymn accompanied by Mrs. H. J. Westberg and the entire group sang "The Witch Doctor."

Friday eve, June 20 the Dodge Community 4H clubs held their monthly achievement meeting. At the program the group was presented with a large flag by the American Legion Auxiliary Bible School began Monday morning of last week at 10 for 25 of the younger fry of Dodge. Volunteer teachers are Mr. and

Mrs. Bill Crist of Portland. Mrs. Ronald Bryan, Mrs. Calvin Kishpaugh, Mrs. H. J. Westberg and Sally Reynolds. The children will present their Bible school program Sunday at 11 o'clock.

Miss Kay Rolph, daughter of Mr. and Mrs. Myron Rolph of Dodge was married to Edward Sprague, son of Mr. and Mrs. Alvin Sprague of Redland. The young couple were married at Stevenson, Wash. on April 12. Sprague is stationed at Fort Ord, Calif. and Mrs. Sprague hopes to join him when he completes his training in August.

Mr. and Mrs. Wade Hampton Jr. of The Dalles were surprise guests at the Justice home recently. Mr. and Mrs. Hampton are newlyweds.

Mrs. M. F. Ott, supervisor of the Dodge ground observer crops post and T. Sgt. Lawrence Vannatta of the Portland filter center and Mrs. Ed Sinat, supervisor of the Sandy post drove to West Linn recently where they were guests in the Richard Bittner home. While there they discussed plans for the big GO C picnic at Janzen Beach on Saturday, August 16.

Mrs. M.F. Ott accompanied Mrs. Joe Guttridge, Alan Robbie and Gary to attend the last sessions of the state grange convention in Corvallis.

Mr. and Mrs. Dallas Kishpaugh and family of Portland and Mr. and Mrs. Lloyd Kishpaugh of Oregon City were Saturday afternoon visitors at the Max Kishpaugh home.

Mr. and Mrs. H. J. Westberg, grandson Jimmy and Kevin Justice, Mr. and Mrs. Emery Keller, Mr. and Mrs. John Fugit, Mr. and Mrs. Mox Kishpaugh and family, the Jack Kishpaugh family, and Calvin Kishpaugh family were among those who sought refuge from the heat at Metzler Park Sunday afternoon.

YOUR SOCIAL SECURITY

By James Piza
Q: Is it necessary that a self-employed person have a full time business before he comes under social security?

A: No. You may run a hot dog stand for only a month or so evenings and Sundays during the school vacation. If your net earnings are \$400, you are under social security, just the same as the man who operates his business day and night during the full year. The amount of net earnings in a year alone determine coverage for the self-employed.

Q: I've heard a lot about substantial services in connection with self-employment. Does that mean that I must go to my gas station and work a certain amount of time to get social security coverage?

A: The term substantial services has nothing to do with building up coverage and protection under the program. An absent or silent partner, who never goes near the business, is under social security coverage, on a compulsory basis, if his share of the partnership profit is at least \$400. Rendering of services is important only for persons getting benefit payments.

Q: I have employed a girl one day a week to help with the housecleaning. The pay is \$6.50 for each day's work. I understand that unless this employee works a certain number of days it is not necessary to pay the social security tax on her wages. Is this correct?

A: No. A domestic worker's cash wages for work in a private home is covered if the amount is \$50 or more in a calendar quarter. The number of days is immaterial. At \$6.50 a week and 13 weeks to a quarter, it looks as if you should be reporting your employee's wages to the Internal Revenue Service. You should contact that office immediately.

Q: How soon after the close of the quarter must an employer report the wages paid to household workers?

A: The tax report must be filed with the District Director of Internal Revenue during the month following the close of the quarter. For example, wages paid during the 3-month period ending June 30 must be reported by July 31.

Q: What is the reasoning behind withholding Old-Age and Survivors insurance monthly benefits of the beneficiaries earn more than \$1200 a year?

A: Old-Age and Survivors insurance is intended to replace part of the family's income when the breadwinner dies, retires or is disabled. The earnings test is to assure that benefits will be paid only to persons who have substantially retired or to dependents who do not have substantial earnings.

Q: I am the full owner of a place of business. However, I hire a manager to run it. Can I still take the profits from this business and draw my social security benefits?

A: If your business is arranged in such a manner that your manager carries out all the required activities, leaving you free of any responsibility to the business, then any derived income will not jeopardize your social

security payments. For further information or details contact your nearest Social Security Office located at 926 SW Fourth Ave., Portland, Oregon. CA 6-3361.

YOU and your DOG

The "dog days" can mean trouble for the dog.

Fleas, ticks, and other insect pests are most troublesome when the weather is hot, warns the Sergeant's Dog Care Center of Richmond, Va.

It's important to the health and happiness of the dog to keep it free of the causes of constant scratching. Fortunately, products available at any drug or pet counter help to make proper care of the dog a simple job.

A new aerosol flea and tick spray gets rid of the insect pests quickly and easily. At the same time, it checks scratching, lanolizes the dog's coat, and repels flies, mosquitoes, and gnats.

Other effective insecticides for dogs are scratch powder and tick powder and soaps, shampoos, and waterless cleaners which contain flea-killing ingredients.
