## Marie Fontana Rates Oregon Best

Marie Fontana left Estacada ten months ago but liked our city so well she returned last week and purchased the Estacada Gift Shop, which she had previously sold to Ina Johnson. Mrs. Fontana has done considerable travelling during the time she was gone. Her headquarters were at her daughters in Rocky River, Ohio. She visited her son Elbert Sponhauer in Chicago and a sister in Hanfield, N. J. This visit was saddened by the death of her sister on Thanksgiving day. She also visited a brother in the historical town of Dover, Delaware. In this town the original whipping post is in the yard of the County Courthouse. The many antique shops on the King's Highway there were interesting to her. At Christmas time she was in New York City and saw a Christmas play at Rockefeller Center. She saw the stage play "Happy Little Fellow" and many other interesting things and places. She made a trip to Lake Turick, Ill. to visit an old time friend, Mrs. Malmquist and daughter.

Mr. and Mrs. David Horner, accompanied by Mr. and Mrs. Ralph Matile of Oregon City, left by plane for San Francisco Monday the 23. They spent several days there visiting points of interest. On Thursday they went to Reno and while there they visited Virginia City. They saw the Comstock mine and other interesting sights. They returned home Monday and report they had a wonderful time.

Beachcomber" is a happy relief after reading some of the sensational literature being featured at our bookstands today. The freedom of expression, freshness and comedy are a real treat—sort of like giving your brain a breath of fresh air.

For a pleasant evening of refreshing reading entertainment and cheerfulness, you won't regret an evening of "beachcombing" with "Daddy."

New minister at the Estacada Methodist Church is Rev. Milton L. Nelson, recently appointed to replace the Rev. Violet Bolliger by Bishop A. Raymond Grant of the Portland Area of the Methodist Church. Rev. Nelson came from Berkeley, California, where he completed his training for the ministry. This is his first full-time appointment to a church. Nelson is a native of Oregon, having been reared in Tillamook. His family includes his wife, Shirley, originally from Mount Vernon, Washington, and their 5 months old son, Gary. He has been related to the Oregon Annual Conference of The Methodist Church during his years of schooling although his church work has been in California.

He attended Pacific University in Forest Grove, Oregon, for two years as did his wife. The couple, then engaged, transferred to the College of Puget Sound in Tacoma, Wash., from which they received a Bachelor of Arts degree in 1955. Rev. Nelson's theological seminary training was taken at Pacific School of Religion, an inter-denominational school at Berkeley, California.

The new pastor was for two years assistant pastor of Santa Clara Avenue Methodist Church in Alameda, California, doing religious education work and helping with worship services. This was a part time position while attending seminary. ## Estacada Voters Favor Fire Truck Replacement

A special meeting of the Council of the City of Estacada was called June 25 for the purpose, as required by law, to canvass the votes of the Special election held in the City of Estacada to raise a \$2000.00 annual fund to be used to purchase fire equipment. The votes were canvassed and the result was as follows—44 votes "yes" for the additional tax levy and 9 votes "no." It is evident from the small number of votes that the majority of the people of the city must have considered that new fire equipment was desirable, and that the election would pass because they certainly did not come out to vote.

Due to the regular Council meeting falling on the evening of July 3rd, the Council under Chapter IV, Section 13 of the City Charter, moved to hold their meeting Wednesday evening, July 2 at 7:30 P. M.

## Kiwanis Plan Lake Swimming Area Improvements

At a special meeting of the board of directors of the Estacada Kiwanis club, last Thursday night, the group gave its official go-ahead on an Estacada Lake improvement program.

Measures to improve swimming facilities will be put into effect as soon as possible. A survey of the lake indicated the only practical place for a swimming area is that area in front of President Bob Cody's house, and that is where the efforts will be concentrated.

Already some wooden steps have been obtained to provide an easier access route to the water. These steps were formerly used by Northwood, Inc., on the North Fork dam project. It was a great stroke of luck getting the steps, and it was decided that the first practical move would be some brush-clearing work and installation of the steps. Beyond this, plans are afoot to provide a log boom to seal off the swim area with a walkway around the boomed area. Sunday morning saw the start of this project with a work party consisting of Sim Dunlop and Duane Day putting in a morning's hard effort toward clearing the site for the steps. Considerable progress was made in that direction.

The Estacada lake project is one which will benefit the entire community and one which each Kiwanian should support. It will take a lot of work, but end results will be well worth the effort. Now that this project is started, let's keep it going! —Kiwanis Bulletin
