## City Council O. K.'s Sportsman Club License Move Request by Dexter

The Estacada City Council, Mayor Weinrich presiding, met in regular session Thursday, Aug. 7, and enjoyed a full agenda of business. This marked the second meeting of our new councilman, Earl Eckersley, who is doing a good job in the seat vacated by Rev. Ravan.

Important business conducted was the honoring of the application of W. E. Dexter for a OLCC Class "B" liquor license.

This application is preliminary to the removal of the Sportmen's Club to a location in a proposed new building at 124 S. E. 4th.

(Next to Estacada Electric.) Howard Smith presented the written consent of adjacent property owners consenting to the issuance of the new license for the new address.

An application of the new owner of the Hi-Way Cafe, Mr. Clifford Hanks, the business license for the cafe was authorized transferred from Ella Stoner to Mr. Hanks.

Water Committee Chairman Clayville brought up the subject of insurance to cover mechanical failures and damage that might occur to the water pumping plant. The Hartford Steam Boiler Inspection and Insurance Co. has offered the city plant coverage for \$10,000 at a cost of about \$125.00 per year. The City Recorder was directed to place the insurance.

On motion of Councilman Klugins and Clayville the council voted to send City Attorney John Caldwell and Recorder Cooke to a Public Utilities Commission meeting at Salem on Sept. 4. Operating phone companies in the state are requesting permission to add city franchise fee and

### NORTH FORK LADIES LUNCHEON AUGUST 20

The North Fork Ladies will hold their regular luncheon at the Estacada Legion hall at noon next Wednesday, Aug. 20.

All those planning to attend please call Mrs. Stanley Prince at CR 9-3711 or Mrs. Dave Evans at CR 9-3745.

### Square Dance Set for This Sat. Nite

The Merry Mountaineers will sponsor a special outdoor square dance festival Saturday night, August 16, at the city parking lot behind the city hall.

Clyde Wherry will be master of ceremonies with Al Alm of the Barn Owl Square Dance Club assisting. Included will be guest callers from other clubs.

Eddie 'K' and his square dance orchestra will provide live music. The Estacada Rod and Gun Club is sponsoring a barbecue at the City Hall 6 to 9 P.M.

In event of rain the dance is to be held in the grade school gym.

### Super Western at Broadway

Now playing at the Broadway Theatre a wonderful colorful western 'SADDLE THE WIND' with Robert Taylor, Julie London and John Cassavetes. Filmed in the beautiful Colorado Rockies, a great drama of two brothers—one gun shy and the other girl-crazy—in a territory that was not yet ready for love or the law. Lots of action with plenty of thrills and Miss London singing the title song.

Second big hit—'GHOST DIVER.' Down in South America the natives try to find the lost treasure of the Paracas. An old diver finds the lost idol and he knows the treasure is near, when he is killed. The underwater work is exciting and the ghost of the old diver haunts the young native until the murder is discovered.

Starts Sunday through Tuesday. A color picture with Danny Kaye as the hilarious clown in 'MERRY ANDREW' with lovely Pier Angeli as the talented aerialist. Danny sings several songs and makes you feel right at home under the 'Big Top' with him.

Next week—'Underwater Warrior' with Dan Dailey and The True Story of Lynn Stuart with Betsy Palmer.

### Ad Reading Pays \$40.00 to John Hall

John Hall of Estacada wears a big smile while collecting \$40.00 of the Clackamas County's News' money from the mistake in Horner's ad in John's paper last week.

This week's error is worth a whole \$10.00 and some observant person should find it. Our advertisers are happy to award you your prize of \$10.00 - so read your ads carefully.

The considerable interest shown in the contest kept advertisers with minor undesignated mistakes busy answering questions. Remember, there is only one paper mailed with the intentional error. Any other errors do not qualify you for the contest prize. Rules of the contest are as follows:

Continuing in this paper, your "News" is conducting a "Find the Error" contest. A deliberate mistake of price or text, or both, has been placed in one ad which will be in both your paper or shopper. This paper is being mailed at random. You will have to check all the ads carefully to find the "planted" mistake. When you find what you think is the right mistake, take your paper to the firm in whose ad it appears and you may take advantage of the error in price if to your advantage. You will also receive your prize of \$10.00.

The mistake must be reported by 5 p.m. of the Saturday following the date of this paper. If the prize is not claimed, it will be added to the next week's prize. A duplicate paper showing the "mistake" will be posted in the News office window.

### Class of 1916 Hold Reunion

For the 12th time since graduating from Estacada high school 42 years ago, the classmates of 1916 met in reunion on Aug. 9 and 10. Only 2 of the 14 remaining members, Henry Spiess of Antioch, Cal., and Veneta Page Robertson of Seaside were here helping with the meeting.

Eleanor Hicks, class pres. from Medford and Jessie Straughan of Pendleton were hosts to 15 at a patio supper at the Ewalt home in Currinville on Sat. eve. and to 17 at a dinner served by Tommy Mays at American Legion hall on Sunday.

Visiting and reminiscing were the order of the day for Sat. eve. while on Sunday a business meeting was held and letters read from absentees. Among the letters enjoyed were two from teachers, Mrs. Helen Pearl Devore and M. Gertrude Jones, both now residents of Cal.

Leo Havens was elected to serve as president for two years when another reunion will be held. Attending were Eleanor Bews Hicks and Mr. Hicks of Medford and their daughter Georgeene of Seattle; Helen Keith Grantham of LaCenter, Wash.; George Harkenrider of Hermiston; Jessie Hannah Stranghan and Mr. Stranghan of Pendleton; Gladys Carpenter Graham of Seattle; Mary Woodle Pemberton of Salem; McColly Dale and Mrs. Dale of Redmond; Erma Graham Burris and Mr. Burris of Portland; Leo Havens and Mrs. Havens of Portland; Carl Kimmel and Mrs. Kimmel of Mill City; Lloyd Ewalt and Della Lovell Ewalt of Estacada.

Chief Sagner would like to call attention to the need for care during this dry summer. Fire danger is high right now and the department has gone out to only one emergency call so far this summer. No records have been kept of this number of consecutive days like this, but the community is to be complimented for its awareness of the situation.

### Annual Garden Club Flower Show

Sat-Sun Aug 16-17

The Estacada Garden Club will present their annual Fall Flower Show entitled "Melodies In Flowers" August 16 and 17 in the cafeteria in the basement of the Estacada Grade School. The Show will be open on Saturday 1:00 to 5:00 and 7:00 to 9:00 P.M. On Sunday 1:00 to 5 P.M. There will be no admission charge.

The general chairman is Mrs. Lester Underwood; Ass't Chair-

man, Mrs. Amos Hills and Junior Chairman, Mrs. Guy Keller.

Competition will be open to all interested local gardeners whether Garden Club members or not. Anyone wishing a schedule of the show, may pick up one at Underwood's Grocery or contact the club secretary, Ruth Westerberg. The Schedule Committee has worked hard to make this a varied and interesting show—anyone who enjoys flowers, will find their time spent at the show very rewarding to them.

Mrs. L. L. Jenkins visited her aunt, Goldie V. Smith at the Eldest Nursing Home in Salem last Sunday.

### P. G. E. Develops New Type Crane

### Chamber of Com. Meeting Monday

The Upper Clackamas River Chamber of Commerce will meet Monday eve. at the Estacada City Hall at 8:00 p.m. All members are urged to be present for the important business to be considered. This does not mean only board members, but all members.

### Grange Gavels Gone; Door Locked

By Leila Gordon  
Garfield Grange met Saturday with three officers absent; those substituting were Gladys Prater, musician and Doris Palmae as L.A.S.

Voted to reinstate Larry Anders as member. Ag. Chmn. Harold Middleton reported on potato crop. There will be bumper crop and the price will be lower. Egg prices will be good, especially on large eggs. Cattle, especially fed steers, took a drop as there are more in the yards than usual, but prices were not expected to be much lower. Leila Gordon gave a report on the Agr. report of Herb Shirner at Pomona.

Legis. chmn. John Parvin read of the Parkinsons Law from the Management Research Bulletin that said our Congress will vote to spend millions after a short debate, but on some small outlay they will debate for days. He also gave statistics on safety on the highways—that 85 percent of accidents were caused by excessive speed on dry straight roads. 96 percent were experienced drivers; 76 percent were passenger cars and 95 percent of the cars were in good condition.

The Master Pete Ballou read a letter from Sheriff Joe Shobe in answer to the request asking for a patrol of back roads in Garfield. The sheriff said if the people would give more cooperation in reporting crime activities, it would result in more apprehensions.

It was reported the gavels all disappeared from the Grange hall. Bro. Maxwell will make two and Rex Bledsoe donate one. Bro. Maxwell will also put a lock on the inside door.

There will be practice Tues. for the 3rd and 4th degrees which will be given Friday, Aug. 15 at 8 P.M. If other Granges have candidates they are welcome.

Friends and former students of Miss Mary Campynol, Grade School teacher here for five years, will be interested to know she left Seattle on a troop transport Aug. 4 for Okinawa, where she will teach 6th grade art and P. E. for one year. By a strange coincidence her brother, PFC Gene Campynol is on his way to Okinawa on a similar transport where he will be stationed for a year.

Designers of the "remote" innovation are L. F. Rohan, garage superintendent, and mechanic John Parker.

Conventional type cranes, Rohan said, can be maneuvered only

from within the cab of the truck. The new PGE design will allow the operator to control the crane and move the truck at the same time. He added that this will eliminate the problem of two men trying to coordinate the actions of both machines.

Rohan indicated that equipment specialists were at first skeptical of his plan for a remote controlled crane.

"When we started the project a few months ago," the garage superintendent said, "the experts proponited 10 tons, depending thought our remote control idea on its angle of elevation."

The boom has a telescope length of 65 feet and can lift approximately
