Life's but a brief lesson—and school's out before we realize it. It's true that all things come to those who wait—on themselves. Success formula: A man's toughest competitor should be himself. **YOUR SOCIAL SECURITY** By James Piazza Q: I'm a man 28 years old and have a wife and three children. I've worked under social security for the past six years and have earned over \$5000 each year. How much could my wife and children receive if I should die? A: Your wife could receive a lump sum death payment of \$254 and monthly payments of \$254. Monthly payments would continue until your youngest child reaches age 18, however, they would be less than \$254 after the oldest child reaches age 18. Q: I'm a man, age 40, and I support my widowed mother. I am trying to provide protection for her in case I should die. I am fully insured, having worked more than 10 years under social security, and I count on social security for my mother? A: Since your mother receives at least one-half her support from you, she can receive Parent's benefits at your death, if she is over 62 at that time. Q: I am receiving \$93.50 per month from social security. I want to marry a lady who receives \$57.00 per month as a widow. She says we can't marry as she would lose her \$57.00, and we can't live on my \$98.50. Is she right? A: Under the law, we can pay the lady an amount equal to one-half of your benefit immediately after your marriage. For further information con-

tact your Social Security office located at 926 S. W 4th Ave., Portland 4, Oregon. Phone CA 6-3361. A woman who was invited to a 6 o'clock dinner several miles out stayed too long at Gordons and on her arrival quite late said she was somewhat delayed because she had passed 25 young people sitting in parked cars along the road. "You counted wrong" replied the hostess, "there were either 24 or 26 of them." There is the rural church where a dignified old lady shook hands with the pastor after the services an said: "Wonderful, wonderful sermon! Everything you said applies to somebody I know." Recently Mrs. W. F. Cary saw Mrs. Belfils in a store in Portland and Mrs. Belfils had just seen Mrs. Posson. Good old familiar names. Remember when Belfils was cashier of the Estacada State Bank?
