A giant subscription campaign sponsored by the Clackamas County News will get underway this Saturday, with a list of prizes to thrill the heart of any boy or girl in the area, according to Berton L. Denton, campaign manager. Closing date will be Saturday December 13 just in time for Christmas.

Two district capital prizes will be famous Schwinn 'American' bicycles valued at \$69.95, and winners may have choice of \$60 in cash if desired. Many youngsters have voiced the desire for cash prizes as Christmas is close at hand. Capital prizes will be followed by two other Schwinn bikes valued at \$59.95 and \$52.25. All workers not winning one of the four major awards will receive cash commissions on all sales they make during the 3 week campaign. Interesting feature of the campaign is the 'milkshake bonus'—20c extra bonus on each new 1 year subscription, and 40c bonus on each 2 year subscription. This bonus is payable at the time subscriptions are turned in at the News office and is in addition to the regular commissions and prizes.

All boys and girls in east Clackamas county area are eligible to compete and all who wish to do so should fill out the coupon and have parents sign in the space provided. Coupon should then be brought to the campaign manager at the News office in Estacada as soon as possible this week and as all workers can start their active selling this Saturday morning.

Further details of the campaign will be found on page 2 of this week's News.

Denton urged all parents to call at the campaign office with their interested young folks and have him explain the details of the campaign to them. Campaign will be open 6 days each week for the duration of the campaign. Hours will be 10 A.M. to 6 P.M. daily.

Eagle Creek Man Killed in Local Auto Accident

Tragedy struck an Eagle Creek family early last Sunday morning in the crash of a speeding auto north of Estacada. It was about 3 AM when the northbound '53 Studebaker driven by Warren Willhoit of Portland failed to negotiate the curve by Campanellas store and sheared off two separate telephone poles. Quentin Cook, a passenger was thrown from the car and instantly killed. His wife Pat suffered severe face and scalp lacerations and was taken to Providence Hospital as was Willhoit.

Estacada police chief Barden declared that heavy fog hindered visibility on the highway and that Willhoit evidently approached at too great a speed to see the curve in time.

Quentin Cook was Foreman at the C. & M. Lumber Co. mill at Eagle Creek.

He is survived by his wife and three children; Clifford 15; Daniel 12 and Barbara 10. He also leaves his mother and unlisted brothers and sisters. Following the accident the children have been staying at Alfred Lindland's in Eagle Creek.

BLOODMOBILE HERE ON TUESDAY, NOVEMBER 25

At least 50 of your friends and neighbors will donate a pint of life giving blood next Tuesday, November 25, between the hours of 3 and 6 P.M. at the Estacada American Legion Hall.

The blood is obtained by the Red Cross' Pacific Northwest Regional blood program, through the sponsorship of the Estacada Kiwanis Club, assisted by the American Legion Auxiliary.

If you can donate and have not signed up with any representative yet, you should call Milton Nelson at CR 9-3375. In 1957, 62,422 pints of blood were donated in the Northwest. The needs mount every year as population increases and new uses are found for blood.

Thirteen of Portland's hospitals depend entirely upon this program for their blood. These are the hospitals you and your relatives go to for care. Charges for blood are made by the hospital to defray costs of administration and \$3.45 per pint that it costs the Red Cross for the bottle and for delivery to the hospital. The \$5.67 per pint that the Red Cross spends to collect and process the blood comes through your gifts to the Unite Fund, in which the Red Cross shares.

If you are under 18 years, weigh less than 110 lbs., are over 60 or have a cold, you cannot donate for safety reasons. There are other restrictions due to surgery, childbirth, dangerous occupations etc. Any question can be referred to Mr. Nelson. The final decision as to your ability to give will be made by the physician on duty. You are attended by registered nurses.

Let us get more than 5 percent of our population which is now donating all the blood used to give life through this vital program. When did you last give a pint of blood?

once done that very thing and the old lady told him there was nothing like a old fool and he would be one of them as long as he lived.

It is again being printed all over the country that if you drink a quart of milk everyday for 1200 months you'll live to be one hundred years old.

It is said that life in every town and community in the U.S. is just the same. But is it? Just listen: We had a bright full moon a few nights ago and many went out to see it, among them being a girl and her boy friend. After gazing at it for a half hour she said to him: "when you invite somebody out to look at the moon you really mean it!" During the high wind the other day he said he had done his good deed of the week by chasing his hat down the street for several blocks which made at least 100 people happy. A recent bridegroom went home and as he sat down to lunch he asked: "who split the mustard on the waffle?" And the young bride exclaimed: "Oh, honey, how could you? That is a lemon pie." The orchestra stopped playing momentarily and just then a waiter dropped a tray of dishes. Six couples got up and commenced dancing. All this could not have happened in some other town.

Good girl Florence. Whether you wrote this or somebody else did, it is very good: "It isn't what I would do if a million should fall to my lot, but what I am doing today with the dollar and quarter I've got."

A woman living in this community has always had a yearning to live near the ocean and a light-house. The news in the papers that the Tillamook Head light-house was going to be opened interested her very much and she wrote the government at once: "I hereby apply for the position of Light House Keeper at Tillamook. I have been doing light housekeeping for twenty years and know all about it." We are quite sure that if Mrs. — does not get the job it will be good news to everybody in the community because she is a very capable woman and we need her right here.

The masterpiece of the week: author unknown: Today the wind was in the south, and I rejoiced to see the leaves upon my lawn go north, to a neighbor's yard they flee. But my joy was not so lasting, who knows what the wind will do? It turned and blew them back again and my neighbor's leaves came too!

Her many friends were very glad to see Mary Eshelman back on one of her old jobs, a member of the election board.

Ray Myers of Eagle Creek has certainly done his bit in this world for his good work in putting into print the pioneer history of this section.

'MAIL EARLY FOR XMAS' SAYS POSTMASTER MYERS

Postmaster Myers said today, 'Christmas may seem quite a way off, but nevertheless, we're starting our annual 'Mail Early for Christmas' campaign immediately, because there is every indication that the 1958 Christmas season will set an all time mailing record.'

The postmaster said further that right now is the time to plan your Christmas card and gift mailings. The first thing to do is to check your Christmas card list very carefully—make sure that each address includes full name, street and number, city, zone and state.

He went on to say that by a little advance planning a lot of headaches can be avoided when the Christmas rush is on. The postmaster suggests that you stick up now on heavy wrapping paper, sturdy corrugated cartons, strong cord and paper adhesive tape for use in securely packing and wrapping your Christmas gifts. Remember also that you can include your Christmas card or letter inside your gift package if you just add the appropriate first class mail stamps to the postage for the package itself.

Postmaster Myers also suggests that patrons secure from the postoffice Pamphlet No. 2, which gives full information about proper packaging and wrapping of parcels for mailing. When you call for the pamphlet, he sure to buy sufficient postage stamps for your cards and gifts.

The postoffice also has free labels which read, 'ALL FOR LOCAL DELIVERY' and 'ALL FOR OUT OF TOWN DELIVERY', so that before you mail your Christmas cards you can sort them into two groups, with the addresses all facing one way, thus expediting delivery.

Be sure to use only First Class four cent, or seven cent Air Mail postage on your Christmas cards. All cards sent by First Class mail may include a personal handwritten message, whereas a signature only is authorized on cards that are mailed at the three cent, Third Class rate.

The postmaster says it's especially important to include your return address on every Christmas card envelope. Besides being socially correct, this is a big help to both you and your friends in keeping your mailing lists up to date.

Through the fine cooperation of the public during recent years, Postmaster Myers reports that great progress has been made in getting the Christmas mails thru on time. He is making many advance preparations to handle the 1958 Christmas mail rush; with extra mail clerks, carriers and expanded facilities all around.

Speaking about his plans the Postmaster said "with over 170 million people in the U.S.A. today, that means more Christmas mail than ever before, and that's why the postoffice needs your help in planning your Christmas mailings well in advance."

Christmas cards and gifts for most distant points should be mailed first, preferably well before December 10, and those for nearby points should be mailed by December 15, or at least a week before Christmas.

Scoop and Snoop Broadway

This column had such a case of 'type lice' last week, we hardly recognized our own writings. Maybe Jim has sprayed the place and thereby eliminated the pesky critters.

Saw Tony Varitz from the Dodge district in town last Monday. Said he was doing some shopping and taking care of some local business. Now there is a guy that I wish we had a dozen of here in town.

Had a chance to shake hands with Father Jackson, the new priest at St. Aloysius Parish the other day. I think he will be good for the parish and the community. We believe he is the type who will really get things done. Welcome to the community Father Jackson.

Haven't heard from "Hizzoner" John of South Estacada for over a month. Guess he is hibernating for the winter. Or maybe he is preparing for his annual Council meeting that he holds every year on the day before Christmas. We've made two of those meetings and let me tell you, there are no holds barred. It's strictly an invitational affair so don't try to barge in.

FIREMEN DISCUSS MAJOR PROJECTS

Eleven thousand three hundred lives, over a billion dollars! According to the National Board of Fire Underwriters, that's what fires cost our nation last year! Over a third of these fires were HOME fires! Check your home regularly for fire hazards. Stop fires!

At the regular meeting of the Estacada Volunteer Firemen, President Frank Marshall swore in a new member of the department, Don Hayworth. This brings the total staff of volunteers on call in the community to 24 men.

Glenn Hartwig was appointed the chairman of the annual Christmas program put on by the department. A nomination of officers to serve a new year made an election which will be held at the next meeting.

Following the close of the meeting Baer Wiederhold served refreshments.

Second big hit 'The World Was His Jury.' A terrifying sea disaster and trial of the hapless liners captain stars Edmund O'Brien as the prominent criminal lawyer who defends the captain. Mona Freeman as his wife is so infuriated by his efforts to clear the monster that she threatens to smash their marriage.

This Person & That

By C. T. E.

This is a narrative without quotation marks about a married man and she who all their lives have called each other the old man and the old lady. Just the other day the old man said the old lady had told him to get it through his noggin or once and all that she was through peeling off his corns and to get a corn doctor on the job, especially for the chornic spots and the snorter called Mt. Hood that she had been using a chisel on for years. He appealed to her to listen about the present financial depression, but she refused to budge. The old man said there wasn't any corn doctor in Estacada and he would have to go to some other town to get the pruning done and that would take extra money. Then again the old man said a couple of months ago the old lady went on a shopping spree and bought a new dress for \$2.65. The old lady said she wanted it on hand to bury herself in and take it with her if she died in the next 20 years. So the picture was rather dark for them, the old man said. A newspaper correspondent asked him if he had ever called her honey and he said that he

"Find the Error" Contest Has Two \$40.00 Prizes; Two Separate Errors

Sam Barr of Estacada, missed the boat and has joined the ranks of losers. The "Shopper" recipient did not report. This week we have two error for \$40.00 each in two separate ads.

If the prizes advertised this week do not go, next week thee will be two errors again for \$45.00 each. If one or both prizes are found this week, we'll have only one prize next week.

Remember, this week there are only two papers mailed with the intentional errors. Any others do not count.

A deliberate mistake of price or text, or both, has been placed in two papers or shoppers and then mailed or delivered at random. You'll have to check all the ads carefully to find the "planted" mistake. When you find what you think is the right mistake, take your paper to the firm in whose ad it appears and you may take advantage of the error in price if to your advantage. You will also receive the \$40.00.

The mistake must be reported by 5 p.m. of the Saturday following the date of this paper. If the prize is not claimed, it will be added to the next week's prize. A duplicate paper showing the "mistake" will be posted in the News office window
