CHAIRMAN LLOYD EWALT SAYS RECORDS SHOULD BE KEPT OF FALL LAMB SALES

Producers who are marketing lambs this fall should obtain and save adequate records of their sales in order that they can make proper application for payment under wool incentive program. Mr. Lloyd Ewalt of Estacada, Chairman, Clackamas County Agricultural Stabilization and Conservation Committee, said today.

Sales records of lamb producers selling lambs this fall must include the name of the buyer, his signature, and the number of live-weight lambs sold, with the description 'unshorn' showing. Payments are made only on lambs that have never been shorn.

Mr. Ewalt says, "Get these fall sales records together now and keep them at home in a safe place or file them with the county ASC office. The final date to apply or payments on 1958-59 marketings is April 30, 1959. Producers may submit payment applications to our county ASC office anytime between now and then."

The chairman warned again that lamb feeders, particularly, should keep accurate records of the length of time they have owned a specific lot of lambs. Lamb payments are made only to producers who have owned lambs 30 days. These factors are important because under the Wool Act payment is based on the weight gain of the lambs during ownership of the seller.

Recent figures show that payment on 1957-58 unshorn lambs in Clackamas County came to \$5,620.09. Shorn wool payments amounted to \$46,159.00. National figures as of September 30 showed shorn wool incentive payments of more than \$13 million and lamb payments of over \$3 million.

Christmas Award Party Attendance Pushes 600

The weather smiled a moment Saturday and over 600 people attended the Christmas Award Party in Estacada put on by your Clackamas County News with the appreciated help of Estacada Electric, Bert Clough and our advertisers.

Miss Donna Marie Bresko drew the lucky ticket which enabled Vern Sutton with the help of our dear friend Santa, to present Bob Moody of the U. S. Forest Service with the \$100 bill.

The afternoon was pleasant. The Lowrey electronic organ music added greatly. Bert Clough was assisted by Mrs. John Englund, Mrs. Earl Ramsay and Mrs. Cecil Taylor.

Near catastrophe occurred when the lid slipped off the can the tickets were being mixed in. The drawing was made right from the ticket pile on the bottom of the truck bed where the tickets so very fortunately fell.

A good time was had by all - at least so says Moody.

Springwater Grange Planning Local Activities of Interest for New Year

By Anne Justice

During the morning session of the last meeting of the Springwater Grange Everett Shibley, Grace Henderson and Elwin Shibley told of attending meetings of the Oregon Seed League held in Portland when speakers told of two new grasses developed at Penn State College; also of experiments in conservation using grass to replant land overgrazed and eroded. Very interesting reports were given by men who had recently been in Japan, Korea and South America as a seed dealer, a seed grower and a professor. Their viewpoints were according to their occupations. There is a potential market in Africa; especially where the French are in charge. However if this changes, it was the opinion that agriculture would be given a severe set back. In South America they visited farms which had been cultivated for 3000 years and badly needed some grass seed.

It was urged that a large group from this area attend the next convention and work to elect a member as a representative.

A. T. Varitz gave the legislative report using an article from the Wall Street Journal on subsidies and described crops seen on a recent trip to Calif.

Vernita Gant of the Home Ec. Club thanked those who helped with the Town and Country neighbors invited to attend.

Mr. and Mrs. Fred Bartholomew will have all of their children and grandchildren home for a dinner on Christmas eve. Mr. and Mrs. Bob Bartholomew of Eugene and Mr. and Mrs. Bud Bartholomew and two boys, and Mr. and Mrs. Larry Godsey and Anne will complete the family circle. Mr. and Mrs. F. E. Dooley will also be guests.

Mr. and Mrs. Carol Bond of Auburn, Calif. arrived Monday to spend the holidays with Mrs. Bond's father, Chris Myers.

mer when Oregon City and Estacada Kiwanis members were hosts to farmers of the grange and the neighborhood. The baked food sale at Hogg Bros. store in Oregon City was a success and the proprietors invited the Home Ec. group to use their store for future sales.

The health and safety reports were based on the article "Eating for a Healthy Heart." Foods are being so refined and so many fats are being used that some such products may actually be harmful. Another article on German experiments in the use of novocain for arthritis was described and more will be given at a later date.

The Chaplain Vernita Gant reported Jack Akins and Mike Newell recovering after surgery and that several children had been ill, some with chicken pox.

The lecturer's hour featured Christmas songs by the entire group, recitations by Delbert Gentemann and Margaret Shibley and a gift exchange with Ray Miller acting as Santa Claus aided by Martin and Delbert Gentemann and Scott and Kevin Justice.

The usual monthly social will be omitted for December and the annual New Year's Day get-together will be held at the grange hall. Pot luck dinner will be served at 1 o'clock and all friends and neighbors invited to attend.

Three trays for handling veneer off the lathe plus another clipper are in the process of installation. Other improvements will include a side log haul and a lathe charger. A sawdust recovery unit and dragsaw are also being added.
