found. They estimated its worth at \$200,000 then. They went back the next day to stake out their claims and couldn't find it and nobody else has to this day. Cap uses the same old deck of cards on each trip. Three kings and two pair are marked. When the pot gets rich enough he deals the three kings to the other fellow and two pair to himself. Then the listeners always hurry to ask "But two pair din't beat three kings." "Oh yes it does" old Cap shouts. "My pair are all eights." But he does buy a new deck of cards every year. "When I get lost I sit doyn and commence to play solitaire. Somebody comes along shortly to watch the game and I find out where I am."

Out in a rural school near Estacada, which are getting scarcer and scarcer every year the teacher said to the class: "If one and one make two and two and two make four, how much does four and four make?" "That's not fair teacher" several of the class said. "You answer the easy ones yourself and leave the hard ones to us." In the same school a question in the examination read: "How may one attain a good posture?" and one boy wrote or an answer "Keep the cows of it and let it grow awhile."

The conundrum fellow was around again asking "if I get sick from eating apples what would my phone number be?" Recently some if the phone lines were down and other had some trouble but if everything is in tip top working condition again boldly step into the booth and ask for 812 Green.

An Estacada man has a great way of reducing the high cost of living which might be told in every town in the U.S.A. Every day he says to his wife: "If you take the car out and see that you are going to have a collision and have to drive off the road, look around carefully and hit the cheapest thing you can see."

This Person & That

By C. T. E.

"Old Cap" is getting ready to make his annual trip up the Clackamas River. During the rest of the year he holes up in Portland. He goes up every year looking for a lost gold mine that he says he and Abe Ames once

with a flashlight and found no animal, not even a mouse.

S. T. Powell celebrated his 80th birthday recently and we were going to wish that he might live for 80 years more and then happened to think that 160 is too out for anybody to really enjoy life. Think of Brother Powell going to a Grange dance to celebrate his 160th birthday. S. T. has had the good fortune to have lived in the best section of the earth for the past 35 years; that is a great blessing in itself. Just to show that it is, one of his neighbors drove several hundred miles south and at a filling station said to the attendant "Think you will get rain soon?" And the man replied "Hope so, but not for myself but for the kids. I have seen rain."

The marriage rate is still going up according to one of the nation's leading statisticians which would seem to indicate that this country is still the home of the brave.

Welcome home Louise, we have missed you a lot. Been plenty doing but you wasn't on the spot.

Grandma was telling at Grange recently about hearing a boy talking to his dad. "Daddy did Grandpa spank you when you were a little boy?" "Did great Grandpa spank you when you was a little boy?" "Yes." "Daddy don't you think with my help you could overcome the family tradition?" This is the same boy that got hit by a bumblebee on his nose. His father said his nose looked like a potato and his mother thought it more like a tomato. His father sharply reminded the boy: "I hope you take it from me that whenever you see a bumblebee just let that bumblebee!

Some of the Garden Club members are telling about the woman who was very fond of flowers, especially salvia. She was telling a neighbor who called at the home. "On this side of the walk I want to put out some selvas. What would you suggest for the other side?" "From what you say it would be splendid idea to put some plittonas there" replied the neighbor.

It was a mighty wise idea when Mrs. Ford Darrow concluded to keep on having Birthdays. If she could keep from remembering which one it was, it would make it that much more glorious. Some women can put it over. For 50 years they have said they were 70 years old and that's what it will be rain or shine. Then there is this great advantage in remembering when your birthday comes. Neighbors like the Keeths will find it out and have you over to their house. Not many women can beat Mrs. Keeth at cooking.

The Great Consolidation Plan talked about in various parts of the country is just this: Estacada would be annexed to Portland, Portland to Los Angeles, Los Angeles to Chicago and Chicago to New York. Everybody in Estacada is opposed to it. They would rather go to the city hall and cuss the city council than to have to go to New York City to do it.

YOUR SOCIAL SECURITY

By Elizabeth Wiley

Question: I have been an ordained minister for a number of years but did not wish social security coverage when it was first available. Is it too late to obtain coverage now?

Answer: Recent changes in the law give ministers until April 15, 1959 to obtain social security coverage. Such coverage will be compulsory effective for 1956 and all succeeding years.

Question: In May, 1957, I filed a waiver certificate to request social security coverage earlier. Can I obtain credit for any earlier years?

Answer: You can obtain coverage for the year 1956 if you act without delay. You must file a new waiver certificate before April 15, 1959 and mark it "Supplemental."

Question: I am a Christian Science practitioner, and I filed self-employment social security reports for each year starting with my tax return for 1955. I did not know about filing a waiver certificate. Will I lose my social security for those years?

Answer: You should file a waiver certificate with the Director of Internal Revenue immediately. Because you filed a timely return for 1955, you will probably be able to obtain credit for that year. The waiver certificate will cover you on a compulsory basis for 1956 and all following years in which you have net earnings of \$400 or more, any part of which is derived from the exercise of your ministry.

Free copies of the booklet are available upon request. You may get your copy by visiting or writing to the social security office located at 925 S. W. Fourth Ave. Ask for leaflet 21.
