FARMERS ATTENTION

The Social Security Administration calls our attention to the fact that many farmers in the low income bracket and ordinarily not required to file income tax returns are failing to meet an important requirement of the social security law.

All farm operators, having a net profit of at least \$400 during 1958,

MUST FILE AN INCOME TAX RETURN for social security purposes, even though there may be no income tax liability. April 15 is the deadline for filing income tax returns covering the year 1958.

A State Income tax auditor will be at the Clackamas County Bank on March 30, to assist you with your income tax return - no charge.
