**ABOUT THE SIZE OF IT**  
 "Hello Mr Workingman! What are you doing?"  
 "Digging potatoes"  
 "Have any to sell?"  
 "No."  
 "What are you doing with them?"  
 "I sort them into four piles"  
 "What do you do with them?"  
 "The big pile of fine potatoes you see over there I give to the landlord for the privilege of living on the earth; next to the biggest pile I give to the money lord as interest for the privilege of using the tools that some other workingman made and the third pile I give to the politicians as tax, and the little ones I give to the hogs, and what the hogs don't eat I eat myself. So you see between the landlord, the money lords and the other hogs I get my living."  
 "But what do you do with the hogs?"  
 "I give them to the railroad company for hauling the big potatoes to the land and money lord."

The dispatches state that Cubans in the interior of the island are dying by the hundreds of exposure and starvation. They are too weak to work, even if work at remunerative wages were obtainable.

**DEMOCRACY IN 1848**  
 The following resolution was introduced in the United States senate in 1848 by John C Calhoun:  
*Resolved*, That to conquer Mexico and hold it either as a province or to incorporate it into the union would be inconsistent with the avowed object for which the war has been prosecuted; a departure from the settled policy of the government; in conflict with its character and genius and in the end subversive of its free and popular institutions.  
*Resolved*, That no line of policy in the further prosecution of the war should be adopted which may lead to consequences so disastrous.  
 [The above resolution is commended to the consideration of Judge Burnett of Corvallis and the rest of our expansion democrats throughout the nation.]—Ed.

**A "Christmas" Present.**  
 The following received by agent R O Brady this afternoon, is self explanatory:  
 SALEM, Dec 25, 1899.  
 Mr R O BRADY, Agent Eugene. Or.  
 Dear Sir: The boat "Steamer City of Eugene" is high on a bar with the river falling, and she can not be gotten off until the river raises. Do not make any contracts for freight until she is afloat again. She lies straight and level and in no danger.  
 Yours respectfully,  
 I GRAY, Purser.  
 August Fisher the man who lived 2 miles south of Eugene and left his home Friday 22 December to go a bird hunting is still missing although diligent search and enquiry for him has been made. He was a German, married 45 years of age. Fears are entertained that he has suicided.  
 The Junction City Times informs the public authoritatively that Eh! Oh! Potter and Commissioner Bailey will not suffer their names to be used in the forth coming republican convention for nomination for the offices they now hold. The taxpayers of the county must feel aggrieved at this information.
