A Plain Statement of Facts.

WE would like to have your attention for a few moments while we give you a few facts about Sewing Machines. In the first place everyone is willing to concede that there is quite a number of good Sewing Machines made, such as the Singer, White, New Home, Domestic, Wheeler & Wilson, Davis and Standard.

Now we would like to ask you, kind friends, if you are so well provided with this world's goods that you can afford to pay \$30 to \$35 for a few moments' speech of an oily tongued agent.

Now do not waste your money on Newspaper or other cheap machines that no factory guarantees but buy a Paragon, or if you want the best, do not let the agents talk you into believing that their \$70 machine is better than the same machine would be at \$35.

HORN & PAINE. P. S.—We are also selling one of the best Bicycles in the world the "White" as well as other good cheap wheels.

From Glenada. Editor Broad-Axe: I thought you had suspended publication of the Broad-Axe, last week's issue being the first number I have received for three weeks.
