#### AT THE 'VARSITY.

In the western outskirts of our College stands Hermosa Hall, removed from the bustle of Main street, and affording a magnificent view of Mt. Hood, and surrounded by a growth of majestic trees whose evergreen branches cast grateful shade by day and at night sift the moon beams over the path. Indeed it would take a more facile pen than mine to convey to your minds the beautiful surroundings of Hermosa Hall. It was opened on last Saturday under the management of Mr. John Anderson. The Faculty has great confidence in Mr. Anderson in whose hands they placed the full control in all matters pertaining to the hall. There are no restrictions, rules or regulations of any kind, but each student is expected to be orderly, respectful, honest, and gentlemanly. Any one whose influence is bad will be kindly invited to go elsewhere. No student is allowed to enjoy the privileges of the hall, except by permission of the manager and consent of the senate which is composed of all its charter members. But to those who are students and orderly Hermosa Hall offers all the advantages of a first class college dormitory. Already ten of the brightest young men of the institution have registered at the office of Mr. Anderson and the future prosperity of Hermosa Hall is assured. The fact that "Freshie," your humble correspondent, is one of their members is ample assurance of a splendid success.

The class of '99, held the first meeting of the term on Friday and the following officers were elected: Pres., John Miller; Vice-Pres., Miss Grace Streeter; Sec., Ernest Rands.

Prof. Ferrin's engineering class seems to be very successful in their work. It has already completed the study of ordinary chain and compass surveying. The transit and leveling instrument now adorn our campus on sunny afternoons.

According to one of our professors, French is the court language in heaven and "la beauf" its pass word. He claims that no other language is spoken by old St. Peter who still keeps the Golden Gate. All those who wish to go to heaven should master the French language or else they will be in the soup.

Miss Mabel Hinman is very ill. Her speedy recovery is the urgent wish of all.

Mary had a little lamb, his fleece was as white as snow. Everywhere Mary went, the lamb was sure to go. Yet Mary could not have been so proud of her dear pet as Frank Warren is of his noble steed. Mr. Warren has the utmost confidence in his horse and expects to see him win the American Derby next summer at Chicago. Surely his animal is a credit to the state of Oregon.

It is a matter of pride to the students of Pacific University to know that the beautiful sign which adorns the HATCHET Printery is the work of one of their members. It is not the intention of "Freshie" to make suggestions to the Faculty, but in his opinion the degree of Bachelor of Arts should be conferred on James H. Lancaster, in cognizance of his ability as an artist.

#### Among the Sick.

Miss Mabel, daughter of Mrs. Flora Hinman, is afflicted with a severe type of Diptheria. On Sunday last Drs. Cole and Bailey used an injection of anti-toxine of mild strength. The case not improving, Dr. Cole immediately procured some of the most potent, known as 1500 units in strength, and injected this early Tuesday morning using at the same time the most improved methods of treatment. When questioned for an opinion on the value of the anti-toxine, the Doctor replied: "It is a matter of controversy at present, which will be determined by those connected with large hospital clinics and not by a physician who has only a few cases, but we all hope it will fulfill the expectations of its most ardent advocates."

Friday last the little daughter of Mr. McIntosh living a few miles above Gaston, was injured while at school, necessitating a surgical operation. This was performed by Drs. Cole and Morrow, and the child is reported doing well.

#### Ordinance No. 61.

An ordinance to restrain breachy and vicious cows from running at large in the City of Forest Grove, and to define what cows shall be deemed breachy and vicious.

The City of Forest Grove does ordain as follows:

Sect. 1.—That no breachy or vicious cows shall be allowed to run at large within the city of Forest Grove.

Sect. 2.—That any cow which repeatedly jumps over or tears down a fence strongly built and over three and one-half (3½) feet high, or shall repeatedly open or attempt to open any closed gate shall be deemed a breachy cow within the meaning of this ordinance, and any cow which shall repeatedly chase any person or persons, with the evident intention of doing such person or persons bodily harm, shall be deemed a vicious cow, within the meaning of this ordinance.

Sect. 3.—That before any cow shall be impounded by the marshal, under the provisions of this ordinance, there shall first be filed with the marshal a statement under oath, signed by a resident citizen of this city, stating that such cow, running at large within this city, is, within the meaning of this ordinance, breachy or vicious, as the case may be, which statement shall briefly describe such cow and give the owner or keeper's

name, and shall be sworn to before the city recorder, or in his absence, before the mayor.

Sect. 4.—That immediately upon the receipt of the statement required by section 3 of this ordinance, the marshal shall notify the owner or keeper of such cow, and if thereafter any person shall file a complaint with the marshal that such cow is still at large, it shall be the duty of the marshal to impound such cow, as provided in Ordinance No. 51.

Sect. 5.—That no provision of sect. 1, of said Ordinance No. 51 shall be construed to allow any breachy or vicious cow as defined by this ordinance, to run at large on any street in the city of Forest Grove during any hour of the day or night.

Sect. 6.—That this ordinance shall take effect and be in full force from and after its passage by the Common Council and approval by the Mayor.

Passed by the Common Council, April 22, 1895.

L. C. WALKER, City Recorder pro tem.

Approved by me this 22nd day of April, 1895. S. HUGHES, Mayor.
