

Hibbs' New Cash Store

Sometime ago I decided to come to Oregon and being in the mercantile business thought I would continue in the same line. Having selected Washington county for the county to live in, it occurred to me that I would open a

GENERAL STORE

in the

Ingles Building

in

Forest Grove

and I wish to become acquainted with you all, therefore **YOU ARE CORDIALLY INVITED TO CALL AT OUR STORE** and see how reasonably we can sell you

Dry Goods,

Boots, Shoes,

Groceries

of which we have a very choice and carefully selected stock. We would quote you prices in print if it would do you any good, but to appreciate our prices the goods must be seen.

What do you think of a beautiful light Summer Dress Goods at 5 cents a yard, cheap at 15 cents?

We have but one mode of doing business and that is

CASH ON DELIVERY

and we fully realize what a sensitive fellow CASH is. Having always dealt this way and selected our goods to suit that class of trade we feel confident **WE CAN PLEASE YOU.** You can feel assured that my prices will be as low as

FIRST CLASS GOODS

can be had for in any part of the country. I am an entire stranger to you all, my prices and quality of goods must be my recommendation. I shall consider it a special favor for any one to call and look at my goods. I will treat you well and wait on you promptly.

We shall be compelled to make a few **SPECIAL SALES** in order to get our shelves in shape for Fall business. We have quite a line of fine **SUMMER DRESS GOODS** which we shall sell at once at real bargains, it will be well for you to look at them. You will find us at the

Good Templars Coming.

The grand secretary of the grand lodge of Oregon, Independent Order of Good Templars has issued a circular to members of the order from which are quoted such parts as interest Forest Grove people.

"I am pleased to be able to announce to you that arrangements are now completed for the coming Grand Lodge session which will convene at Forest Grove, on Tuesday, June 4, 1895.

"The good people of Forest Grove, with that zeal and patriotism for which they are noted, are making grand preparations for the reception and entertainment of their visitors on this occasion, the officers and representatives of the Grand Lodge of Oregon, I. O. G. T.

"On Tuesday evening, June 4, 1895, a Grand Reception and Public Entertainment will be given in the Auditorium of M. E. Church, on which occasion an entertaining programme will be rendered.

"The faculty of the Pacific University has extended to the Grand Lodge an invitation to pay that institution a visit at such time during the session as may be found convenient, and there are other places of interest in and around Forest Grove that will well repay a visit.

"The people of Forest Grove will entertain free of charge all representatives to the Grand Lodge during their stay at that beautiful city, and the transportation companies have made the usual reduction in fares. It is therefore urged that every Lodge be fully represented at this session."

PAINTS, GLASS, STOVES, TINWARE, ETC.

We beg to announce to the farmers and holders of Columbia, Washington and Yamhill counties, that we are now prepared to furnish them with the latest and most improved patterns of machinery and farmers' tools, building, shelf and heavy hardware, stoves and tinware, buggy harness, paints, oils, lime, plaster and cement, all of which we will sell at prices that defy competition.

We will also have the justly celebrated Oliver & Wainwright plows, wood, steel and spring tooth harrows, together with the Planet Jr. garden tools, expanding cultivators and horse hoes.

We also continue to handle the Bain wagon and the Racine hacks, which we have sold for the past twenty years with so much satisfaction to ourselves and customers, and which have proved to be unsurpassed by any similar goods ever brought to Oregon. We will also have the Pacific wagon, a wagon manufactured for the Pacific coast trade, which we will sell on its merits.

In harvesting machinery, we will handle the Deering and McCormick self binders and mowers, and will place them on the market on their merits and on their past reputation for good work, and as the highest stage of perfection yet attained in the manufacture of harvesting machinery.

Dealing as we do, direct with the factories in the East, and with the oldest and most extensive house in Portland, that of Knapp, Burrell & Co., who have anticipated the wants of the farmers and supplied them with the best lines of agricultural implements for the last quarter of a century, we feel confident that we can furnish any article or repairs required, on the shortest notice and most favorable terms of any house on the west side.

S. HUGHES & SON.
