Stolen Watch Recovered.

Young Kellaher who is wanted in Portland for stealing a gold watch, a diamond ring and \$32 in cash, was arrested Thursday at Maytod's hotel in Buxton by Deputy Sheriff Bagley, having gone there to sport in his stolen finery. When he saw the officer coming to arrest him he ran upstairs and disposed of the ring and watch, throwing the latter as it now appears, into the fern across the road. Sunday Deputy McNamer ascertained that a brother of Kellaher's was heading toward Greenville and thinking it was to get rid of the booty he followed him and notifying the local authorities, Kellaher was captured and the watch recovered. The deputy had the pleasure of spending several hours in the saddle under a scorching sun in the chase.

Band Concert.

Friday night the looked for open air entertainment by the Forest Grove band came off in the campus. About six hundred were present. The exercises consisted of music by the band which is always well received, an excellent solo "Old Black Joe" in character by Mr. Bert Venen, a solo "Mary and George" by Mr. Chas. Dolstrum and two interesting farces "The Book Agent" and "The Ghost" in which Messrs. John Wirtz, Wm. Baldwin and Less Greer took part. Another concert will be given this Friday and a large number ought to be present and encourage the boys. They are doing what they can to furnish amusement during the dull summertime and if supported will probably continue these concerts. The only charge is a nickel for seats to cover the expense they are given and their services are really being given gratuitously.

A Fine Dairy Farm.

Mr. A. J. Killan who lives about four miles northwest of Greenville visited the Grove Wednesday. Mr. Killan has a farm of 2300 acres, much of it fine dairy land. Three hundred acres is beaverdam land. This is being divided up into plots of six or seven acres to be used for gardening, each with a family on it. There is a herd of sixty white Durhams on the farm now. They will be changed to Jerseys of which about one hundred will be kept. A creamery built by Mr. Killan last year utilizes the milk. The beaverdam land affords excellent pasturage, green the year around.

Death of Mr. Bird.

Mark A. Bird died at the home of his son-in-law, Dr. Ward, in this city Tuesday morning of old age. Mr. Bird was born in Ohio nearly seventy-five years ago and lived there until within eleven years when he came to Washington where he spent the succeeding ten years. A year ago he came to the Grove and has lived with Dr. Ward ever since. The funeral was at 11 o'clock Wednesday morning, conducted by Rev. A. Rogers at the residence. The burial was in the Naylor cemetery.

A \$100 Bill.

Last Thursday a gentleman who owns considerable property near Hillsboro was journeying to Tillamook with his family by way of the Willcox river road. At the first gate he tendered a \$100 bill in payment of the \$2 toll and as the gate keeper could not change it he got through free. At McNamer's half way camp he attempted the same trick after his horses had been fed but the station keeper decided to keep the horses as security so finally the capitalist found some smaller change. The stage came along a little later and heard of what had been tried so, after they had passed the Hillsboro gate and gotten to the further gate in advance of it, the driver apprised the keeper there of what was likely to happen. When the Hillsboro man reached the gate he was allowed to wait three hours before he was suffered to pass on and then only after paying toll for both gates. He will probably return by another route.

Insurance War.

The rate war struck Forest Grove last week and the Phoenix and Home Insurance companies demoralized local insurance business. A special agent was present and assisted Mr. Keep, the local representative. The people of Forest Grove have received the full benefit of the fifty per cent cut and several hundred dollars have been kept at home through this action of the companies. The Phoenix and Home are both wealthy companies, have great resources and have always been noted for the promptness and liberality with which they settled losses. The insurance is just as safe as before and in some cases better and the rebate has been a clear saving to the city. A policy written for the public school saved the district over sixty dollars.

Your correspondent has just made a trip through this valley and will say that it looks like a blooming rose of plenty to see such hay ricks now ready for the hay press, and fields of wheat, oats and barley, now cut and being cut, which will compare with any in the county, if not in the state.

Rev. David Lilly, who has been sick for some time, is slowly getting better.

The meetings being conducted by the Rev. Anderson have been very interesting and of great benefit to the people of this community. Several converts were added to the faith.

N. C. Lilly has just come in from his place north of Devils lake where he has built a new house and named his place LaFontaine.

TUALATIN.

The fields of grain are ripening fast here. The grain and hay crop is looking fine this season.

Coffee Club Social.

Monday night the Coffee club gave an outdoor social on the campus. The tables had been spread under the great oaks on the right of the entrance and were well laden when the social began with things good to eat, but at the close the boards were bare though the treasury was richer by some six dollars clear of expense. Coffee was of course the principal article of food as would be expected at a coffee club social, but it was supported by other viands in abundance. The quality of the beverage served that night gives bright promise to the freshmen of the way in which they will be refreshed whenever they have had hard service fighting the flames.

A New Hophouse.

E. W. Haines and Geo. Potot drove to North Yamhill Wednesday to visit Mr. Haines' hop yard near the top of Bald peak. The yard is of some 20 acres and the hops are looking finely. A new hophouse is being built on the side hill by Forest Grove carpenters. It is so arranged that the hops are carried across a bridge into the top, thus saving the bother of hoisting. The dryer is 24 feet square and beside it is a good sized store house.
