THE CUBAN PATRIOTS.

The Cuban patriots are now heroically striving for independence from a rule as much more galling than that against which our revolutionary ancestors successfully rebelled, as Spain of today is more oppressive, tyrannical and unenlightened than the England of the Georges. The Spanish government today in Cuba is cruel, barbarous and inhuman.

WILSON RIVER-TILLAMOOK ROAD.

The great advantage resulting from a safe-all-the-year road to Tillamook is so apparent that any movement toward that end needs no urging. A petition has been circulated in Tillamook and Forest Grove for money to put the Wilson River road in safe shape for winter travel and wherever it has gone it has met with ready response.

NICARAGUA CANAL PETITION.

That congress should take action towards the speedy completion by the government of the Nicaraguan canal is the earnest wish of most Oregonians and if you are one of these you can help the cause by obtaining as many signatures as possible to the petition which appears on the fourth page.

MONDAY'S ELECTION.

The commission chosen at Monday's election to have charge of the construction of the water works and electric light plant seem to meet with general approval and are certainly well qualified for their positions.

There is no true American, however much he may disclaim interest in sports, who does not feel satisfaction at the America's cup remaining for another year on this side of the water. The man who does not feel a pride in his country's success in any undertaking not positively wicked is not worth much to the country or generally to anybody else.

The appointment of Senator McGinn to the judgeship in the circuit court left vacant by the decease of Judge Hurley does not honor McGinn, but it disgraces the bench.

The United States needs a gold cure to free it from the bond habit.

CROP PROSPECTS.

The Outlook in Western Oregon.

Weather.—Rain has fallen almost every day, during the past week, being heaviest in Douglas, Josephine, Coos and Curry counties, where it has amounted to over two inches; in the other counties from one to 1 1/2 inches have fallen.

Crops.—The grain crop is entirely out of the reach of damage from the rain, but damage has resulted to the hops. Under the most favorable climatic circumstances some hop yards would not have been picked, due to inability to secure cash for the payment of pickers; second, due to the expense of picking and low price of hops; third, the presence of lice in the yards and consequent poor quality of the hops.

The rain has been of benefit to late corn and to late vegetables. The early potatoes will not be improved by the late rains. The rains have been beneficial to grain and to the ranges and has put the ground in good condition for fall plowing.

Sheriff Sued.

Sheriff Ford has a suit on his hands relating to one of his official acts but as he was following the law the suit is likely to be troublesome only to those who began it. Some months ago, in pursuance of an execution sent him from Multnomah county, he started out to sell some of the property of a milk dealer in this county but found that it was claimed by another and the claim backed up by a chattel and a bill of sale.

Congregational Association.

The Congregational Association of Oregon will meet in its forty-seventh annual session at Oregon City on next Tuesday. Of particular interest to Forest Grove people are these items from the published program: Woman's Board of the Pacific, report of meeting, Mrs. Thomas McClelland; Thursday a devotional exercises led by Rev. A. Rogers; The Religious Paper and the Home, President McClelland, D. D.; Thursday p. m., Pacific University and the Educational Alliance, Mr. F. Mc Kercher and President McClelland.

Water Commission Elected.

The city election for commissioners to supervise the construction of the water works and the transfer to the city of the electric light plant, came off very quietly Monday. Little attention was paid to voting as the nominees were unanimously nominated, had no opposition and were generally satisfactory. Judges of election were W. S. Ingles, M. D. Markham and Austin Craig; clerks, J. Wheelock Marsh and George R. Hughes. For the greater part of the day these were the sole occupants of the council chamber where the polls were. The balloting was according to the Australian system, at least all the city officials who voted retired to the booths to prepare their ballots.

Money to Loan.

From \$500 to \$50,000, improved to five years, at 8 per cent, on improved farms. NIXON & GERRISH, Forest Grove.

HATCHET and Oregonian \$1.50 a year. This offer is good only until Sept. 25.

Petty Thieving.

Tuesday night some one stole from the new house of Mr. Dempsey now being built on the Greenville road near the campus some of the tools left by the workmen. A plane and hammer were missing and a box of builder's hardware had been broken open and latches, hinges etc. were strewn over the floor.

Diphtheria in Blooming.

Diphtheria is prevalent in Blooming, the German town, south west of Cornelius. Dr. Ward has seven cases in two families and Dr. Bailey of Hillsboro five more all in one family. There have been no fatal results and all the patients are progressing nicely.

ADDITIONAL LOCALS.

College opened Wednesday with an increase beyond former years and as the greater part of those who have come are new students the outlook is for the best attendance P. U. has ever known. Many parents accompanied their children here and saw them fairly started. The happenings in the college world will receive careful attention from the HATCHET and the correspondent of last year whose work was so favorably received will continue to contribute to our columns.

Go to Abbot & Roe's for harness.

A mammoth rubber boot now stands in front of J. L. Gregg's shoe store on Main street. It is the product of the Boston Rubber Company and so large that they can only make one a season. Several of our big citizens have been eyeing it enviously and if there were a mate to it, it would probably be found missing some morning.

Paints, oils and glass at Abbot & Roe's.

Barney Goldsmith the Portland capitalist accompanied by his attorney Milton W. Smith, was in the city Wednesday looking up the city water bonds. Mayor Hughes and Mr. Pfanner explained the standing of the matter and he was given over the city that he might see what there was to Forest Grove.

Go to Dr. Hiatt for the finest gold filling, plates, crowns and bridge work.

Mr. Brishine's drug store has been cleaned and renovated from ceiling to floor and now is radiant with glistening glass and shining varnish and everything looks like new.

See Venen's \$25 organ advertisement.

Wm. Turpin of Empire City, Coos Co., is in town in attendance at P. U. and is staying with his uncle, Mr. C. B. Stokes.

See Abbot & Roe for all commission.

Mrs. Ballet received news yesterday of the death of her son-in-law, Alick Abendt of St. Louis. He was a nephew of Henry Villard the railroad king. 40 acres, 25 bottom land under cultivation, rest easily placed so. Three-fourths of a mile from depot. All under fence. Living water. Price \$40 per acre.

LANGLEY & SON.

Mrs. A. T. Smith spent Tuesday in Portland.

Rev. Isaac Peart of Silverton visited our city this week.

"The road that leads to prosperity is often very short." Try 1000 of our business cards.

Miss Danforth returned Tuesday from a five weeks outing at the coast.

Those who have teeth to extract may avoid all the unpleasantness and pain with perfect safety, by having anaesthetics administered by C. L. Largo, M. D. If it is not entirely satisfactory there will be no charge. Gas, Ether and the New Preparation administered at any one of our dentists, Dr. Nixon, Dr. Hiatt or Dr. Lyon.

For Rent.

Very desirable furnished rooms with or without board. References given and required. Inquire at HATCHET office.

Will Make the Grove.

Let everybody talk for the college and for the town. It was this that made Chicago.—Corvallis Gazette.

AT THE VARSITY.

Zip! Boom! Ah!

The forty-seventh year of Pacific University! Never before in the history of our institution has the college year opened under such encouraging conditions as the present. The attendance on the opening day was remarkably large and the students are still coming in from every part of the North West.

Money to Loan.

From \$500 to \$50,000, improved to five years, at 8 per cent, on improved farms. NIXON & GERRISH, Forest Grove.

HATCHET and Oregonian \$1.50 a year. This offer is good only until Sept. 25.

ful campus, with her increasing attendance, with her numerous friends who are ever ready to help her, with that college spirit which is peculiar to P. U., and above all with her noble history—a history purchased with the great sacrifices of those philanthropists who gave their lives for our college—Pacific University can not but prosper. She has now started on the royal road whose termination is victory. A future lies before her than which none can be brighter.

Miss Best, principal of the woman's department, arrived from Kansas on Saturday morning. She was introduced to the students yesterday morning by Pres. McClelland.

To those students who for the first time are enjoying the balmy atmosphere on our campus, we extend a most hearty welcome. We cordially invite you to join us not only in the recitation rooms but also on the football grounds and in the gymnasium. In the literary societies and the Christian associations. Come, we need your help.

We are very glad to see Professor Robertson again. He pursued a post graduate course at the University of Chicago last year. While on his journey toward the West he met with a serious railroad accident which resulted in the death of and injury to a great number of passengers, but we are glad to say that he has escaped safely.

It was announced that Professor Whittlesey will not come back from Germany until the first of November on account of his examinations for the degree of Ph. D.

Miss Manie Lansing has joined the senior class, which is composed of six members: Misses Stewart, Lansing, and Ellis, and Messrs. Bauer, Hisebeck and Astoria. Mr. Macrum, however, is now at Astoria and will not come back until Prof. Whittlesey's return.

We are very sorry to state that "the child of destiny," an "ex freshman" of an imperishable reputation will not be with us this term.

Mr. Gault, editor of the Hillsboro Independent, attended the opening exercises.

Mr. Gritzmacher, who managed the Portland high school eleven last year, now belongs to the class of '99.

Doesn't Bauer look sweet with that dandy hat on though?

All members are expected to be present at the first meeting of the Gamma Sigma society next Saturday night at 7:30 o'clock. We expect to have an excellent society this year. All the new students are cordially invited to attend.

The attendance on the opening day has been roughly estimated at 150. If so, we shall have at least 250 students during the year, because a majority of the old students have not yet arrived, and no one can tell how many new ones will yet come.

Do not forget the ground dedication service on Sept. 27th. Dr. McLean of Oakland and Editor Scott of the Oregonian, two of the most famous men of California and Oregon, will talk to us.

The college correspondent of the HATCHET will gladly receive anything of interest to the school. Address, S. L. H., Box 247.

The conservatory of music offers this year increased facilities for the study of music, practical and theoretical. A free class in the rudiments of music will be formed which all children of the community are cordially invited to join.

The following are the latest quotations of the local market.
