PROTECTION.

Why a Tariff Benefits the Laborer More than the Manufacturer.

We hardly think that the American people realize the true meaning of that portion of the Democratic platform of 1892 which denounces "Republican protection as a fraud, a robbery of the great majority of the American people for the benefit of the few."

To rob the great majority of the American people for the benefit of the few is the true free trade policy. This has been bitterly experienced in free trade England, where the masses of the people labor and toil at starvation wages for the benefit of the few monopolists.

That it is the intention of the free traders in this country to inaugurate precisely a similar condition of affairs among our own people has time and again been made clear.

Further experience of the free trade policy of robbing the many for the benefit of the few has been shown in connection with the tariff on wool. It was Mr. Grover Cleveland who pointed out that the bulk of the wool growers of the United States have small flocks of from twenty-five to fifty sheep each.

The republicanism system of protection has always been intended to include all our people, and to take recognition of the humblest wage earner as well as of the wealthiest manufacturer.

Free traders are willing to rob half a million people of work in order to provide "free" material for less than 6,000 furniture factories.

The people can answer for themselves which of these two systems is "a robbery for the benefit of the few," and which system is "the culminating atrocity of class legislation."

Incidentally, it should be remembered that the injury wrought to our half million people who supply what is the raw material of furniture manufacturers, the injury wrought to the hundred thousand sheep owners and injury wrought to the workers in our mines, would very directly benefit the workers in the iron mines in England and the sheeps in Australia and the English industries that supply glass, glue, varnish and hardware for furniture factories.

Saturday evening Forest Rebekah lodge, I. O. O. F., visited the Hillsboro Rebekah lodge. A bus drawn by four horses, the Tillamook stage and several carriages brought over thirty to Hillsboro where after the regular work of the evening a choice though lavish lunch was served, and then the good of the order was advanced by short speeches from nearly all present.

Among those there were: Mesdames J. M. Walker, Greer, Bailey, Taylor, Boos, Robinson, Luelling, Alexander, Crosby, Wagner; Misses Nettie Clark, Blanche and Alice McNamer, Fannie and Lella Dolstrom, Dora Cox; Messrs. Boos, Greer, Bailey, Taylor, Macleod, Jones, Moses and Austin Craig, Crossley, Mrs. Chandler.

County Censuses.

Counties	1890	1895
Benton and Lincoln	8,650	9,617
Columbia	5,191	5,890
Crook	3,244	4,415
Curry	1,709	1,916
Josephine	4,878	6,001
Klamath	2,444	3,318
Lake	2,604	2,197
Linn	16,265	18,006
Malheur	2,601	2,638
Polk	7,858	9,193
Sherman	1,792	2,490
Wasco	9,138	10,449
Washington	11,792	15,362
Total	78,371	90,492

A percentage of increase is thus established of 15.4 per cent. The largest rate of increase is Sherman's—nearly 39 per cent. Lake and Klamath show decreases.

Washing County is unofficially reported to have lost slightly, partly through slack enumeration this year. Tillamook is said to have gained 300 or 400, but the full returns are not in.

During the 10 years from 1880 to 1890 Oregon's increase of 89.53 per cent was only exceeded by Washington's, 365.13; the Dakotas, 278.41; Montana, 237.49; Wyoming, 192.01; Colorado, 112.12; Idaho, 158.77; Nebraska, 134.06. An increase of 15.4 per cent from 1890 to 1895 is probably about as large a rate as any state will be able to show, except those where immigration movements have been organized, as in some parts of the South.

Fire Company Drill.

The fire company's drill Friday evening was very creditable. Starting from the gymnasium they had water on top of the Western House within 2 1/2 minutes from the time the alarm sounded. Afterward they put up ladders to roof of port office and of the Boos building across the street from Boos & H's store.

Forest Juvenile Temple.

Saturday afternoon Mrs. J. E. Barnett, State Superintendent of Juvenile Temples, organized a Temple at the Grove. The meeting was held in Good Templars hall and was well attended. Twenty-two came in as charter members.

College Football.

John Miller and Chas. Bradley were in Salem Saturday as representatives of Pacific University at the Oregon intercollegiate football association. Mr. Miller was elected secretary of the association for the ensuing year.

GLENWOOD.
