Prof. Greene's Recital.

Friday evening in the Cong. church was held the third semi-annual recital of Prof. W. H. Greene's pupils. A large audience, many from a distance, was there filling the church to its utmost capacity. The music was naturally of a high order and the manner in which it was rendered spoke of an able instructor. The pupils taking part were Master Raleigh Walker, Misses Pearl Walker, Nida Brisbine, Ethel Wehrung, Leva GO TO THE . . . and Elda Walker, Myrtle Smith, Lola Venen, Mabel Hinman, Georgia Hughes Maud Jones and Stella Boscow, Messrs. Charles and Raleigh Walker and Fred Vroman, in many of the selections these where accompanied by Prof. Greene, whose playing was enthusiastically received. Violin and piano were the instruments in solos and duets. The recital was a thorough success and showed the great progress and the attainments of the Professor's pupils. Especially interesting was the violin playing of little Miss Myrtle Smith, a child not much larger than her diminuitive violin but a musician. The playing of Messrs. Charles Walker and Edward Vroman was also highly spoken of.
