If I may be allowed a suggestion I would say to the different correspondents that we had better not go from Dan to Breeshaba for notes but let us keep in our own immediate neighborhood then our Ed. will have less trouble in picking out items telling the same thing. Now the Scholls correspondent last week came up on Mountain Side and some one from Mountain Side rambled all over Scholls and Laurel. I think it would be better for us all to stay in our own particular neighborhood. Now this is only a suggestion which I hope will be taken as freely as it has been given.
