DILLEY.

A Promising Trading and Shipping Point.

Dilley is a fortunately located town of some three-hundred inhabitants on the west side S. P. railroad, one and three-fourths miles from the Grove by rail and two and one-half miles by wagon road. Prosperous looking buildings in good repair and well painted, give a general live appearance. A considerable patronage from farmers, some even from a distance of twelve and fourteen miles, makes trade brisk and supports better businesses than are usually found in places of Dilley's size.

A good deal of shipping is done from here, especially in hay. The 50 barrel flouring mill of Aplin & Sons is run full time and is one of the best equipped for its size in the state. It is run by water and steam. W. M. McLeod & Sons saw mill has a capacity of 10,000 feet a day.

Dilley has two good general merchandise stores well stocked and selling goods at city prices. The firm of Briggs Bros. has been in business here since '92. The post office, express and S. P. ticket office are located in their store. Mr. W. W. Breeden, formerly of the Forest Grove Flour Mill, is proprietor of the store lately owned by B. F. Purdy. He has charge of the long distance telephone station.

W. C. Gray and L. Groendyke have blacksmith and wagon repairing shops. Peter Harper is the village shoemaker, and W. B. Stephens has a carpet weaving establishment. Mr. and Mrs. Jonas Wolf conduct a home-like and comfortable lodging house.

The farmer's warehouse, located here, is a large building owned by Messrs. M. E. Dilley, T. G. Todd and Alexander.

The public officials of Dilley are: Abner Briggs, postmaster; J. M. Jackson, justice of the peace; A. B. Todd, constable; school directors, Chairman F. H. Maury, J. P. Hansen and J. H. Stephens; E. S. Gaylord clerk.

A roomy building for the accomodation of the M. E. Church is just nearing completion. There is as yet no settled pastor. The district school numbers at present about 80 pupils. Two goodsized buildings with modern seating house the primary department of which Mrs. Jones is teacher and the more advanced pupils under charge of the principal, Miss Lillian Downs.

Among the social features of the town are strong lodges of Good Templars and United Artisans. A good brass band enlivens public occasions. Things political are looked out for by republican and populists clubs. The democratics have no club but there is said to be one democrat in the precinct.

Altogether Dilley is quite a town and its convenient location promises that some day it will be a place of considerable importance, especially if it continues to grow as it has recently.

Arbor Day at Reedville.

Arbor Day was observed at Reedville, and as a result six beautiful maples and one fir, adorn the school ground. The exercises began at one-thirty p. m. with the teachers Prof. Coleman and Miss Anderson in charge. Long before this time the school house was crowded with enthusiastic patrons of the school. The opening number was a song entitled "Arbor Day March" sung to the tune of "Marching Through Georgia". The principal, on behalf of the school, extended a cordial welcome, thanking them for their presence and and inviting any who wished to visit the schools during their regular sessions. Mr. Borwich, chairman of the board of directors addressed the audience with a few appropriate remarks which were appreciated by all. An interesting program consisting of songs, recitations, essays and drills was then rendered.

After the last number the children marched in double file to the grounds "to see how Mr. Borwich planted a tree to make it live". After the tree planting all returned home seeming well pleased for having come.

Welcoming the Congressman.

A large delegation of citizens of Hillsboro greeted the Hon. Thomas H. Tongue at the station when he returned home Friday evening. The Hillsboro band struck up a patriotic air as the train pulled into the station, and Mr. Tongue's appearance upon the platform of the car was the signal for a prolonged cheer. From the station the procession, headed by the band, proceeded to the residence of Mr. Tongue, he being escorted by Mayor Goodin. Mr. Tongue gracefully and cordially thanked his Washington county friends for the very earnest and hearty assistance given him in the congressional convention.

CATARRH CURED. Health and sweet breath secured by Shiloh's Catarrh Remedy. Price 50 cents. Nasal injector free.

State Republican Platform.

The state convention at Portland last week adopted the following platform by a vote of 129 to 108.

"The representatives of the republicans of the state of Oregon, in convention assembled, call attention to the condition of industry and business throughout the country, as a proof of the necessity of returning to the policy of the republican party, under which there was general prosperity during 30 years.

"We reaffirm the principles of the republican national platform of 1892, and assert that the results that have followed the change decreed by the election of that year have justified our protest against the national policy adopted by the democratic party.

"Protection—We believe that the government should have ample revenue, with a sufficient surplus over ordinary expenditures to provide for coast defenses, for the steady building up of the navy, and for the constant reduction of the public debt. We believe that the present tariff, with its lowered rates and its destructive and dishonest system of undervaluations, and discrimination as to localities, should be replaced by one framed on protective principles, similar to that of the McKinley bill and arranged to give ample protection to American wages and American industry, and to restore the reciprocity policy of James G. Blaine.

"We have always given protection to our shipbuilders. In late years we have neglected to protect our shipowners. We believe the time has come to return to the policy of Washington and Hamilton, which, by discriminating duties in favor of American bottoms, secured 90 per cent of our carrying trade to American ships, and which, if now restored, would again revive our shipping and cause American freights to be paid to Americans.

"Finance—The American people, from tradition and interest, favor bimetalism, and the republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal.

"The interests of the producers of the country—its farmers and its workingmen—demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar.

"Election of Senators—Resolved. That we earnestly endorse the proposed amendment to the Constitution of the United States providing for the election of United States senators by popular vote, recently reported from the committee on privilege and elections by Senator Mitchell, and now pending consideration in the United States senate.

"Cascade Reserve—Resolved, That the application of the Oregon delegation in congress to the president of the United States and now pending before him, praying a modification of his proclamation creating the Cascade Forest Reserve, is hereby earnestly approved, and we appeal to the president to grant the prayer of our delegation in congress.

"Fishing—We realize the importance and magnitude of the fishing industry on the Columbia river, and would recommend that some provisions be made for a state hatchery for artificial propogation, and that the laws regulating the close season be rigidly enforced.

"Rebate to Settlers—That we endorse the efforts of our representatives in congress to secure repayment to settlers of Oregon of the excess of $1.25 per acre wrongfully collected by the government on lands located in the limits of the unearned Northern Pacific railroad land grant now forfeited.

"Canal—The construction of the Nicaragua canal is of the highest importance to the American people, both as a measure of national defense and to build up and maintain American commerce. It is moreover of special importance to our Pacific states, and we demand its completion as speedily as possible by the government of the United States.

"Pensions—We hereby endorse the action of our senators and representatives in congress in their endeavor to secure grants of pensions to Indian war veterans.

"Retrenchment—We pledge the republican party to rigid economy in the expenditure of public money, to the reduction of excessive salaries, and the abollishment of the fee system where possible and of all useless commissions; and believe that no appropriation should be made to any school or charitable institution not under the control of the state; and oppose the incorporation into the general appropriation bill of items for the expenditure of public money not authorized by law.

"Immigration—We demand enactment of rigid restrictions on foreign immigration both for protection of our country against illiterate and vicious classes from foreign lands, and for protection of our labor and preservation to our own people of the remainder of our national domain.

"Internal Improvements—We commend the policy of the republican party in relation to internal improvements, and, in particular, in opening our waterways to commerce, and we denounce the illiberality of the democratic party in these matters.

The minority report which was what the single standard men tried hard to have substituted was introduced by Ex-Senator Dolph and read as follows:

"We, a minority of your committee on platform, beg leave to report that we heartily endorse the action of the majority of the committee on platform, save and except the section on finance, for which we submit the following as a substitute:

"'Resolved, That we favor the use of both gold and silver to the extent which they can be maintained in circulation at parity in purchasing and debt-paying power, but we are earnestly opposed to the free and unlimited coinage of silver at the ratio of 16 to 1, for the reason that it would destroy such parity, enormously contract the volume of currency by forcing gold out of circulation and immediately place the country on a silver basis.

"'Believing that the effect of international demonetization of silver can be overcome only by internationai remonetization of that metal, the republican party of Oregon most earnestly favors such measures as will accomplish that purpose.

Concert at Tigardville.

A concert and magic lantern exhibition was given last Monday evening in aid of the mission of the Episcopal church. Mrs. Van Buren played the accompaniments with her usual skill. Mr. Calkins played a cornet solo, and Miss Heinbach sang exquisitely in her solos and in the part song, "Sweet and Low." An instrumental quartet was rendered by Mrs. VanBuren and Messrs. Calkins, Reed and Chidson. Tableaux and recitations followed in quick succession, the evening being ended by a lantern exhibition and refreshments, which the various ladies interested in the welfare of the church kindly provided.

Arbor Day at Gales City.

The school room was decorated with a profusion of wild flowers. The blackboards were filled with drawings illustrating the variety, the curious, and the beautiful in tree and plant life. The program consisted of readings and recitations from writings of eminent men on subjects suitable for the occassion. The uses, commercial value, effects upon climate, regulation of the supply of rainfall to streams, rate of consumption, aesthetic value, the duty of the preservation and perpetuation of our forests were all discussed by the school. The school premises were also renovated and a lively bonfire made of the rubbish that had accumlated during the year.

Those present expressed themselves as having spent an afternoon of pleasure and profit which reflected much credit upon the pupils participating, as school had only been in session one week.

Well Acquainted With Them.

A country minister in a certain town took permanent leave of his congregation in the following pathetic manner:

"Brothers and sisters, I come to say goodbye. I don't think God loves this church, because none of you ever die. I don't think you love each other, because I never marry any of you. I don't think you love me because you have not paid my salary. Your donations are mouldy fruit and wormy apples, and 'by their fruits ye shall know them.' Brothers, I am going away to a better place. I have been called to be chaplain of a penitentiary. Where I go you cannot come, but I go to prepare a place for you, and may the Lord have mercy on your souls. Goodbye."—Ex.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgus, Keokuk, Iowa, writes: "I have been a minister of the Methodist Episcopal church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at the Miller Pharmacy.
