salmon which has been made for many  
years in the Columbia river, was taken  
between midnight and dawn Tuesday  
morning. The canneries were com-  
pelled to limit the boat to a certain  
amount of fish each, as they were un-  
able to handle all that was brought in.Unless significant signs fail, the  
squadron of United States warships,  
just now stationed in the harbor of  
New York, will be dispatched soon on  
an important mission. Those who  
should be in a position to know say the  
destination will be the coast of Cuba.

with which she collided is not known.News of a terrible earthquake, in-  
volving the loss of over a thousand  
lives, has reached Yokohama from the  
island of Yesso, which contains the  
northern provinces of Japan. The  
subterranean disturbance lasted about  
twenty hours, and during that period  
the utmost terror prevailed. Ground  
rumblings are described as resembling  
the roar of distant cannon. Shock fol-  
lowed shock almost in uninterrupted  
succession. In all it was estimated  
that about 150 shocks occurred. The

taken place between Serbian officials  
and Montenegrins at Kursanilida.

## Must Be Brought to Trial.

A Cape Town dispatch says the sec-  
retary of state for the Transvaal has  
telegraphed the British high commis-  
sioner there that, having in view the  
welfare and peace of South Africa, the  
Transvaal government is convinced  
that the proofs in its possession, which  
are at the disposal of Great Britain,  
now completely justify and compel the  
bringing to trial of Cecil Rhodes, Al-  
fred Beit and Dr. Harris, all of the  
British South Africa Company, and  
connected with the raid into the Trans-  
vaal. The secretary adds that the  
Transvaal secretary is obliged to press  
this step on Great Britain, and also to  
urge that all control of the British  
Chartered South Africa Company be  
transferred to Great Britain.

## The Justice Was Speedy.

Paul Kamaune, a Kanaka, was hanged  
in the prison corridor in Folsom,  
Cal., for the murder of Mrs. Ellen  
Robinson at Latrobe, Eldorado county,  
on May 6, 1896. The execution was  
devoid of sensational incidents, and  
was witnessed by only a few persons  
required by law. The murderer died  
without a word or a tremor on the  
scaffold. He was pronounced dead  
exactly 11 minutes after the fall of the  
drop, his neck being broken. It was  
the quickest execution on record, the  
body being cut down just 12 minutes  
after the prisoner left his cell.

## Few Troops Will Be Moved.

The programme for the annual move-  
ment of troops has been definitely ar-  
ranged at last, and the necessary orders  
will go forward at once to department  
commanders. There will be much  
disappointment over the fact that with  
the exception of two companies of the  
11th infantry, the movements are con-  
fined to two regiments. It is under-  
stood that lack of funds is the cause for  
limited changes.

## Ten Thousand Drowned.

A Yokohama dispatch says: It is  
estimated that 10,000 people were  
drowned by the tidal wave on the  
island of Yesso, in the northern part of  
Japan, which accompanied a succession  
of frightful earthquakes lasting about  
twenty hours. In addition to the town  
of Kumaishi, which was wholly de-  
stroyed, many other coast towns have  
been washed away entirely or in part.

## The Strike Situation.

Every cannery on the lower Colum-  
bia river is in operation, some of them  
taxed to their utmost capacity to  
handle the catch of fish, and it looks  
as if the fishermen's strike is about  
over for this year.

## Venezuela for Gold.

received advices from Caracas as to  
the final ratification of the constitu-  
tional amendment by which Vene-  
zuela adopts the gold standard.

## Fortune's Favorite.

George Delong, who had been pick-  
ing strawberries in Benton Harbor,  
Mich., has fallen heir to a fortune of  
\$150,000 by the death of an uncle in  
the St. Louis tornado.

## Five to Be Hanged.

Judge Parker, of the federal court,  
of Fort Smith, Ark., has sentenced  
Dennis Davis, George W. Wilson,  
Frank Carver, Jesse and John Nofce  
to be hanged July 9, for murders com-  
mitted in the Indian territory. Carver  
killed his mistress, Annie Maledon.  
This is the second time he and Davis  
have been sentenced.

## Some Silver Statistics.

der the act of July 14, 1890, there are  
now on hand 132,998,452 fine ounces;  
the cost of this bullion is \$119,941,055;  
its coinage value \$172,541,414. The  
total number of silver dollars coined  
from bullion purchased under the act of  
July 14, 1890, to June 1, 1896, was  
46,104,651. Upon this coinage there  
was a seigniorage or profit of \$10,-  
117,284.

## Patterson Was Elected.

C. T. Patterson, of Tacoma, has been  
elected commander of the G. A. R. for  
the department of Washington and  
Alaska.

## Drowned in the Umatilla.

A young son of A. B. Hogue, of Pen-  
dleton, while playing on a footlog over  
the Umatilla river, lost his balance  
and fell into the rapidly running  
stream and was drowned. His body  
has not been recovered.

## Burial of the French Family.

The burial of the French family, the  
victims of the reservoir disaster at  
Baker City, took place in that city,  
the seven bodies all being interred in one  
grave. The funeral was the most im-  
pressive, and the bodies were followed  
to the cemetery by a procession of car-  
riages one mile in length.

## Outbreak of Natives.

A new outbreak of the natives of  
Matabeleland occurred between Umtali  
and Salisbury. At a meeting in that  
vicinity June 9, of a number of chiefs  
under Makoni, all except four agreed  
to revolt, and several whites were mur-  
dered.

## General Dimond Is Dead.

General W. M. Dimond, of the Cali-  
fornia National Guard, died at the  
Gilsey house in New York.

## Hold-Up Near Baker City.

The McKen-Canyon City stage was  
held up, six miles from McKen, Or.,  
by two masked men armed with re-  
volvers. They relieved one passenger  
of \$12 and then emptied the mail sacks,  
taking all they deemed valuable.

## Massacred to a Man.

The report that the party headed by  
the Marquis de Mores, consisting of 35  
men, bound for the Sudan to enlist  
the Arab chiefs against the British, has  
been massacred to a man, is confirmed.  
The members of the DeMores expedition  
were killed near Cademas.

## GROSS CARELESSNESS.

San Francisco Building Collapsed,  
Burying Seven Persons.San Francisco, June 24.—The three-  
story building at the corner of Fifth  
street and Mint avenue collapsed at 4  
o'clock this afternoon, burying a dozen  
persons in the ruins. Two bodies  
have been recovered, and it is feared  
there are others in the debris. The  
list of dead follows:Mrs. Ernest Silverstein, of 205  
Stevenson street.

John May, laborer.

The injured are:  
Patrick McKeown, proprietor of the  
Brighton house, severe internal in-  
juries; may die; Richard Bucking, H.  
Shepard, Dennis Griffin, Emeile Luen-  
berger, John Lyons, Simeon Dean,  
Miss Sarah Byrne, skull fractured,  
right arm broken, right thigh frac-  
tured; Mrs. Joseph Byrne, Mrs. J. L.  
Mahler, Miss Bessie Wilson, Miss Pearl  
Woodward.To add to the horror, a fire broke out  
in the ruins shortly after the accident,  
but it was extinguished before reach-  
ing any of the victims.Carelessness of the grossest sort is  
responsible for the collapse of the lodg-  
ing-house, and the loss of life it caused.  
From the statements of several people,  
it is evident that the disaster had been  
expected. Warnings were given and  
unheeded. Contractor P. Gleason him-  
self, who had charge of the construction  
of the under-paving, or street  
work, on which the building was  
raised, says he explained to some of the  
workmen several days ago that if they  
continued operations along the line in  
which they were working, there was  
sure to be a collapse.The resources of the receiving hospi-  
tal were totally inadequate to the  
care for the wounded. Nine people  
were taken to that institution within  
three-quarters of an hour, and while  
two were being treated in the operat-  
ing room, the remaining seven were  
huddled in the outer office, where they  
writhed and groaned in agony, until  
the doctors were able to attend them.Two women gave up the only sofa in  
the room to a man whose injuries were  
so painful that he could neither stand  
nor sit.

## INVENTIVE GENIUS.

Woodburn Announces Two New Me-  
chanical Devices.Woodburn, Or., June 24.—Mr. A.  
Ohlhoff, a civil engineer of Portland,  
has been in Woodburn for the last ten  
days making a drawing, plans and  
specifications of a patent potato-digger,  
originated and gotten up by Peter  
Schorbach, of this place. It is a won-  
derful piece of machinery, and yet very  
simple. It will dig, sort and sack the  
potatoes, doing the work of sixty men.  
It will require two teams and two men  
to operate the machine. One man will  
handle the horses, and the other tie  
the sacks. Already agriculture firms  
in the East are becoming interested in  
this potato-digger, and one firm has re-  
secured an option on the patent for the  
United States. Mr. Schorbach leaves  
today for Portland with his model,  
which is a perfect brass one, drawings  
and papers, where he will have them  
upon exhibition for a few days before  
forwarding them to the patent office at  
Washington.George Cathey, a 12-year-old boy  
and a son of Dr. B. A. Cathey, has in-  
vented a device for opening, closing  
and locking any gate which swings on  
a pivot. Mr. Ohlhoff says it is the  
best patent gate he has ever seen, and  
thinks there is a fortune in it for some-  
body who will push it.

## FATAL ACCIDENT.

Locomotive Boiler Exploded, Killing  
Seven and Injuring Others.Woodville, Tex., June 24.—At Dou-  
cette, three miles north of Woodville,  
today, the tram engine boiler of the  
Nebraska Lumber Company exploded,  
killing seven men outright, and seri-  
ously, if not fatally, injuring three  
others. It seems the engineer was just  
ready to start for the log camp, when  
the explosion took place, some eight or  
ten men being in the cab. Some of  
the victims had their heads torn from  
their bodies, and were otherwise mu-  
tilated beyond recognition. The killed are:  
A. I. Doncette, president of the Ne-  
braska Lumber Company; Grant Ham-  
mersly, Charles Walforth, Charles  
Smith, William Sargent; a man  
known about the mill as "Frenchy,"  
but whose right name could not be as-  
certained; another unknown man.The wounded are: Dan A. Harman,  
fireman, arms terribly lacerated and  
painfully scalded about the face and  
neck; D. C. Sullivan, section hand,  
badly scalded; — Dowling, scalded  
about the face and neck.The reports of just how the accident  
happened are somewhat conflicting.  
One reason given is that the engineer  
let his water get low with a hot fire  
and then turned on the injector.

## Two Were Killed.

Montpelier, Vt., June 24.—In a rear-  
end collision on the Central Vermont  
railway near here this morning be-  
tween a cattle train and the Montreal  
express, J. Seakinde, of Chicago, and  
Edward Brown, of Janesville, Wis.,  
cattlemen, were killed.

## A Fresh Massacre Near Van.

London, June 23.—A Constantinople  
dispatch to the Chronicle says a fresh  
massacre of Armenians is reported to  
have occurred near Van. Sixty  
were killed.Urged to Settle the Venezuela Question  
London, June 23.—The Daily News  
(liberal) has an article in which it  
again strongly urges upon the govern-  
ment a prompt settlement of the Vene-  
zuela question.None of us realize how much people  
talk about us behind our backs.

## CHOICE OF THE REPUBLICANS

McKinley for President, Ho-  
bart for Vice-President.

## NOMINATED ON FIRST BALLOT

Thrilling Scenes in the Hall When the  
Results Were Announced—Silver Men  
Boasted the Gold Standard Platform.St. Louis, Mo.—The Republican na-  
tional convention has nailed its prin-  
ciples to the masthead and placed in com-  
mand of the ship, which is to bear it  
to fortune or disaster in November,  
its popular idol, William McKinley, of  
Ohio, and Garret A. Hobart, of New  
Jersey.But there was mutiny aboard, and,  
before the lines were cast off, some of  
the members of the crew who had  
shipped on many a voyage refused to  
subscribe to the new shipping articles  
and walked down the gang plank.

The last day of the convention was  
held in session for ten hours to accom-  
plish the work out for it, and the  
scenes at different times were tragic,  
dramatic and inspiring. Fully 15,000  
people were in the vast auditorium to  
hiss or cheer by turns.The bolt of the silver men from the  
West furnished the most dramatic in-  
cident of the day. Led by Senator  
Teller, they had previously declared  
their intention of refusing to subscribe  
to the gold plank in the platform, but,  
after Senator Teller had made his final  
appeal to the convention not to take  
the step which would drive him and  
his colleagues out of the ranks of the  
party which in the past honored them,  
and they had delighted to serve, the  
convention had voted, 818 1/2 to 105 1/2,  
to stand by the gold declaration in the  
platform. When Senator Teller made  
his declaration, saying: "I must sever  
my connection with the political party  
which makes the gold plank one of the  
principal articles of its faith," he  
paused and swept his eyes across the  
hall. The galleries rose with a yell,  
and mingled with the yell was a fusil-  
ade of hisses. There was a pathos in  
the senator's voice, and those nearest  
could detect a glimmer of tears while  
he said there would be heartburnings  
and grief in the sacrifice he and his  
colleagues were to make for their con-  
science.Cheers then came from the silver  
delegates and the gold men were on  
their feet from the admiration of the  
man, not of his cause. The hisses  
were few this time.No one who witnessed the scenes will  
forget them to his dying day, the pic-ture of Senator Frank Cannon, of  
Utah, facing from the platform 10,000  
irate, hissing, jeering people, as he  
read the valedictory of the silver men.  
The very courage displayed by him  
won for him the admiration which  
compelled silence. When he had fin-  
ished he turned and shook hands with  
the chairman and other friends on the  
platform.He then locked arms with Senator  
Teller, and the two men left the stand  
and moved down between the walls of  
yelling delegates to where the standard  
of the Idaho delegation stood. There  
they were joined by the handsome,  
stalwart Fabois, and the three con-  
tinued their march to the main door,  
their followers falling in behind them  
as they left the building.Carter and Mantle of Montana, kept  
their seats, signifying their willingness  
to abide by the platform.The silver men who bolted immedi-  
ately perfected plans to place Senator  
Teller in nomination as an independent  
silver candidate for president.After this sensational incident the  
convention turned to the work of  
selecting the standard-bearers. It was  
a foregone conclusion that McKinley  
would be nominated.Baldwin, of Council Bluffs, nomi-  
nated Allison, Senator Lodge nomi-  
nated Reed, Hastings nominated Quay,  
Depew nominated Morton, and For-  
aker, in a masterly effort which turned  
the convention into bedlam, nominated  
McKinley.
