Havana, July 1 .- The revolutionists have formally served notice on the people of Havana that plans have been completed and will be carried into execution this summer to wipe out every vestige of the city by means of dynamite if it be necessary to go to that extreme, to drive Spain off the island.

Copies of a circular conveying this announcement have been left at the houses of well-to-do people of the city. It is entitled "Dynamite Circular to Cuban Families," and reads as fol-

'The summer campaign is to be supported in large towns by the revolutionists residing therein, and to this end terrible means must be resorted to -the employment of dynamite.
