TRUNK FULL OF DYNAMITE.

A Startling Discovery Made in a Chi-

cago Lodging-House. Chicago, Sept. 22.—Joseph Bestman said by the police to be an anarchist, left at 18 Sedgwick court three years ago this fall, a trunk containing sufficient dynamite to have destroyed an acre of property in Chicago, and to discovery was made by accident. Bestman was not found, but the police received information in the afternoon that he is living in Dallas, Tex., and wired the chief of police there to arrest him at once. The discovery of this enormous quantity of explosive material and the story of Bestman himself, so far as now known to the police, brings to light a tale of anachistic plottings such as Chicago has not revealed since the dark days of 1885, when the existence of the city was threatened, and Spies and his comrades were swung on the gallows for the bombthrowing at the Haymarket massacre. Much correspondence with the demned anarchists was also found.

London and Liverpool are both at the level of the sea.

An Engineer's Carelesaness.

San Francisco, Sept. 22.—The tug Ethel and Marion was sunk this morning, owing to the carelessness of her engineer, who attached a hose to her water tanks and then went off up town. Before he returned the tanks and hull were filled, and the tug is now at the ottom of the hay near the wharf where she was moored.

A SOARING MACHINE TESTED.

Octave Chanute's Invention Has Proven a Great Success.

Chicago, Sept. 21.-The first free soaring machine, invented and constructed by William Paul, was made at Miller, Ind., last evening under faheavily barricaded, and well stocked DEATH-DEALING YELLOW FEVER was beavily loaded with ballast, so as vorable conditions, while the machine to prevent it from flying any great distance, and was anchored by four ropes, each 200 feet long. The three points which the trial was to decide, first, as to whether it would leave the chute venly; second, whether it would right itself in the air; third, whether, when it commenced to descend, it would move downward slowly and alight easily, were all determined in a manner gratifying both to the inventor and owner. The flight was less than 100 feet, but the descent and final alighting on the sand were as graceful and even as though the bird from which the machine was patterened.

inasmuch as it has been asserted that the macnine was dangerous, and that an attempt to fly would be sure to result in death to the operat-Another test will be made soon

MICHAEL, THE IRISH WONDER.

Broke the World's Record for a One-Hour tompetition, Paced Race.

New York, Sept. 21. - James Michael, the Irish wonder, smushed all the American records for one-hour competition (paced) race this afternoon at the first annual national circuit meeting of the Quill Wheelmen at Manhattan beach. Twenty-seven miles and 1,690 yarus stands to the credit of the foreigner for one hour, but Frank Starbuck, of Philadelphia, was only thirty yards behind him at the finish, and only for some bad blundering on the part of his pacemakers shortly after the fifth mile, would have given Michael the race of his life. Starbuck jost a little more than a half mile in the early part of the contest by having no pacemakers, but in the last twenty minutes even at the terrific gait both were traveling, succeeded in not only passing his competitor as they spun around the crack, but had nearly caught him at the nnish, having gained over a lap and a half. Some of the credit of this wonderful exhibition of endurance and speed was due to Starbuck's pacemakers, who evidently tried to make up for their early blundering, and in a great part succeeded.

THREE FASTEST HEATS.

Remarkable Performance of Star Pointer at Mystic Point.

Medford, Mass., Sept. 21. — Star Pointer, at Mystic Point, this afternoon, not only beat two accredited faster horses-Robert J. (2:011/2) and Frank Agan (2:0834)-but paced the three fastest heats ever made in competition, the time being 2:02 1/2, 2:08 1-3 and 2:0334, an average of 2:0314. also lowered the world's record for the fastest heat ever paced-2:02 16-as well as the records for the fastest quarter and half-29¾ and 59¾, respectively. The race between the three pacers was phenomenal, for, while in the first heat Robert J. was beaten by ten lengths, in the next two he was close on the leaders, coming in second in the third heat. Frank Agan in the whole race was never a length behind, and at one time was a nose to the good. Star Pointer, however, managed to go under the wire first in every heat, and must have had something in reserve, for McCarthy never raised his

KILLED HIS MOTHER.

slaughter at Murray, Idaho.

Wallace, Idaho, Sept. 21.-It is reported from Murray that the jury found J. E. Perry guilty of manslaughter. Perry is the young man who killed his mother with a hatchet it Wallace early one morning last April. There were no witnesses to the tragedy, although there were a number of sons in the immediate vicinity of the shanty where the killing was and any violent quarrel would have been heard. After the tragedy Perry fled, carrying the hatchet, but was captured, after a flerce resistance. twice been an inmate of asylums for the insane in Colorado and Washington. The defense set up a plea of insanity

A Unique Epistle.

Washington, Sept. 21.—The personal letter from the Emperor of China to sident Cleveland, which formed be credentials of Li Hung Chang, ban oeen placed on exhibition in the library of the department of state. The letter is written on a scroll of lemon-colored parchment paper about five feet in lentgh by a foot and a half in width, a portion being in ancient Chinese and part in Chinese characters with the royal red seal and the emperor's autograph in the center. The envelope is unique, being a great sheet of yellow satin embroidered in gold and silver, with exquisite workmarship, with five large Chinese double dragons, conveniently arranged.

It is said that bees can fly 20 per

cent faster than pigeons.

Valparaiso, Sept. 21.-Months ago the press and several members of congress denounced the government's management of the telegraph lines, alleging gross frauds. The matter was suppressed, but now charges are again made to the same purport. It is reported that an investigation will be made and surprising revelations are expected. Friends of President Monat in the house and senate are preparing a demonstration in his honor before he leaves the executive chair.

PORTLAND MARKETS.

With almost the entire rural population of the Northwest engaged in harvesting and marketing their various crops, but little trading is being done, and orders from the country have been slack for the past week. The fruit markets have been rather heavily stocked this week, and prices have been demoralized. Wool is lifeless and hops are but little better.

Wheat Market. Wheat receipts are increasing rapidly, and, as much of it will be quickly

turned into cash, the benefits will soon

be felt. The bulk of the receipts have

been of Valley wneat. Quotations are: Walla Walla, 50 to 51c; Valley, 52 to 53c per bushel. Produce Market.
