Advertisement for Dr. Maybe and Mustbe. You choose the old doctor before the young one. Why? Because you don't want to entrust your life in inexperienced hands. True, the young doctor may be experienced. But the old doctor must be. You take no chances with Dr. Maybe, when Dr. Mustbe is in reach. Same with medicines as with medicine makers—the long-tried remedy has your confidence. You prefer experience to experiment—when you are concerned. The new remedy may be good—but let somebody else prove it. The old remedy must be good—judged on its record of cures. Just one more reason for choosing AYER'S Sarsaparilla in preference to any other. It has been the standard household sarsaparilla for half a century. Its record inspires confidence—50 years of cures. If others may be good, Ayer's Sarsaparilla must be. You take no chances when you take AYER'S Sarsaparilla.
