An English gentleman who had
traveled extensively, and who had
thought pleasure all over the world one
day remarked that the best fun he ever
had was in India when hunting tigers.
He fully explained how he rode on an
elephant, the kind of gun he carried and
how they aroused the tiger to action.
It was great fun and they enjoyed it.
There came a time when it ceased to
be fun, and that was when the tiger be-
came the hunter. The position, the gun,
the place all seemed to conspire to make
embarrassing for the man, and very
outraging for the tiger. There are
many people in the vicinity of good
hunting grounds who might save trouble
themselves by wisely remembering
that the tiger may enter the field as a
hunter.

The "common sense trunks" on ex-
hibition in Geo. Smith's window makes
one wonder why trunk makers did not
exercise common sense in their business
long ago. Think of the old trunk you
lifted out from the wall every time you
opened it, and then shoved it back again
to get it out of the way. These trunks
stand ready to fly open and smile at you
at any moment.
Dr. Hiatt's skill as an expert tooth ex-

The entertainment at Verts hall Sat-
urday evening, given by the band for the
benefit of the stage scenery, was a good
success. Clarence Schoch proved him-
self an actor of some merit. We hear
that another entertainment will be given
in the near future.

School teachers seem to be abundant
in Patton valley. Two teachers for one
small school should do good work if they
keep busy. Perhaps one of them will
wait until the next term before beginning
work. That may settle the matter in
the best way.

"Mother Goose" had a good company
of visitors at Verts hall last Friday eve-

could have been found among amateurs.
The refreshments found a good market.

worthy objects.

The HATCHET insists that The Pacific,
of San Francisco, has no right to speak
depreciatingly of one of our fellow citi-
zens as it did in its last issue when speak-
ing of the gentleman who presided at
Prof. Marsh's birthday celebration. It
said: "He was innocently inveigled
into the capacious auditorium in the
evening, through the instrumentality of
Rev. C. F. Clapp, who has more guile in
his make-up than is really good for a
Superintendent of Home Missions."

right arm, for necrosis. Dr. Tamiesie,
assisted by Drs. Cole, Wood and Large

The band is giving some good concerts
on church square Saturday afternoons.
Our people are beginning to appreciate
such entertainments. Last Saturday
afternoon it rained some but many la-
dies were out to enjoy the music. A
good band stand should be erected and
the concerts be continued regularly.

Several persons, who were running to
the fire Tuesday night found the holes
in the broken side walks in many places
in town. Lumber and a little effort may
be found cheaper than damages and
doctors bills. The city fathers are re-
spectfully invited to consider this sub-
ject by one of the men who "took a
tumble."

The W. C. T. U. held a very interest-
ing meeting at the home of Mrs. Benson
on Tuesday. The following officers were
elected for the coming year: Mrs. Sarah
Roberts, president; Mrs. Pratt, secretary;
Mrs. S. B. Waters; treasurer; Miss Good-
rich, cor. sec. The Union is doing a
good work in our town, and every Chris-
tian lady should join with this organiza-
tion and help in this work. The next
meeting will be held at Mrs. Benson's on
Tuesday, April 20.

It is reported that after the noon
round up at the public school Wednes-
day, one boy had cut a hole in his tongue
and another over his eye, another had a
tooth knocked down his throat and
others loosened, another was shedding
tears over the loss of several peices of
cuticle and the sad experience he had
from sitting down too hard. Some good
girls comforted the poor fellows and
they soon recovered. Girls are minister-
ing angles but there is nothing in the
world like a boy, but another boy.

On Sunday evening last the churches
of the city united at the Christian church
in the annual meeting of the Washing-
ton County Bible Society. The house
was well filled and the meeting harmoni-
ous and interesting. No ordinary man
can make a speech in five minutes, but
the three pastors of this city proved
themselves more than ordinary men by
doing that. Rev. Heltzer explained his
work and took the collection. The new
officers are: I. A. Macrum, presi-
dent; the pastors vice-presidents;
S. T. Walker, secretary; J. C. Greer,
treasurer; J. W. Marsh, N. R. Wells,
Mrs. Annie Smith and the officers of the
society constitute the executive com-
mittee. The depository was placed with
A. B. Thomas and the books removed
from Miller's Pharmacy to his store Mon-
day evening only a few hours before the
fire.

Drs. Maybe and Mustbe.

You choose the old doctor before the young one. Why?
Because you don't want to entrust your life in inexperienced
hands. True, the young doctor may be experienced. But
the old doctor *must* be. You take no chances with Dr. Maybe,
when Dr. Mustbe is in reach. Same with medicines as with
medicine makers—the long-tried remedy has your confidence.
You prefer experience to experiment—when you are concerned.
The new remedy *may* be good—but let somebody else prove
it. The old remedy *must* be good—judged on its record of
cures. Just one more reason for choosing AYER'S Sarsa-
parilla in preference to any other. It has been the standard
household sarsaparilla for half a century. Its record inspires
confidence—50 years of cures. If others *may* be good,
Ayer's Sarsaparilla *must* be. You take no chances when you
take AYER'S Sarsaparilla.

cessfully.

Just as we go to press, we hear that
Mrs. Chas. Ruffi, who lived near Green-
ville, and has been sick for about two
years, died on Wednesday and was
buried in the Wilkes' cemetery Thursday.

Last Wednesday little Henry Susbaur,
who lives north of town, while leading a
horse into the stable fell on the manger
in such a way as to fracture his arm.
Dr. Ward set it and a rapid recovery is
expected, but the boy will know what
suffering is before he is entirely well.

We are sorry to hear of the death of
Mrs. Nettie Godfrey, wife of O. M. God-
frey, of Gales City. She died Wednes-
day morning last, of congestion of the
lungs. She leaves a husband and two
children, Elvira W. and Max B., the lat-
ter reside in Portland. The funeral was
conducted in the home by Rev. I. Bald-
win and the body laid to rest in River-
view cemetery Portland on Thursday.
Mr. and Mrs. Godfrey have lived in
Gales City for over fourteen years, and
have been esteemed among the best
citizens there.

Mrs. A. Inveen, residing at 720 Henry
St., Alton, Ill., suffered with sciatic
rheumatism for over eight months. She
doctored for it nearly the whole of this
time, using various remedies recom-
mended by friends, and was treated by
the physicians, but received no relief.
She then used one and a half bottles of
Chamberlain's Pain Balm, which effected
a complete cure. This is published at her
request, as she wants others similarly
afflicted to know what cured her. The

The Rev. W. H. Weaver, pastor of the
U. B. Church, Dillsburg, Pa., recognizes
the value of Chamberlain's Cough Rem-
edy, and does not hesitate to tell others
about it. "I have used Chamberlain's
Cough Remedy," he says, "and find it
an excellent medicine for colds, coughs
and hoarseness." So does everyone who
gives it a trial. Sold by J. C. Clark,
druggist.
