 The cheese factory will start up next
 Monday. Mr. Clark has secured a good
 cheese maker and proposes to do the
 work as it ought to be done. This fac-
 tory makes a good price for milk when
 it is most abundant and when later
 season. With butter at 35 cents per
 pound milk is only worth about 35 to 40
 cents per 100 lbs., but the same amount
 of milk made into cheese will bring from
 60 to 70 cents. It is a great benefit to
 have a place to sell milk at such prices
 when it is most abundant.
 According to the newspapers, an Ohio
 husband became the happy father of
 seven children not long ago. Of the
 seven all lived but one. It is to be

 coughs, and so insured his children
 against these diseases. For sale by J.
 C. Clark, druggist.
 Prof. Lewis McKown, principal of the
 Beaverton schools, was a pleasant caller
 at this office last Saturday. He has been
 in the state only a year but is very well
 pleased with Oregon. Teaching is his
 profession and from his credentials we
 judge him to be well qualified for his
 work. His experience has extended over
 ten years. He teaches because he loves
 the work. Such men are a positive value
 to our public school system.
 Last Monday night a bay mare and
 colt, belonging to Geo. F. Naylor, were

 50, gray short whiskers and had two
 smooth faced boys and said he was on
 his way to Oregon City. The mare and
 colt were blooded and valuable, but were
 sold for only \$7.50. The sheriff will im-

The Ins and Outs of It.

If you get best wear out of a coat, best work must
 have gone into it. You can't get good bread out of
 poor flour.
 Moral: You can't get the best out of anything, unless
 the best is in it; and the best has to be put in before it
 can be taken out. Now, we have a rule to test those
 sarsaparillas with a big "best" on the bottle. "Tell us
 what's put in you and we'll decide for ourselves about
 the best." That's fair. But these modest sarsaparillas
 say: "Oh! we can't tell. It's a secret. Have faith in
 the label." . . . Stop! There's no exception; one sar-
 saparilla that has no secret to hide. It's Ayer's. If you
 want to know what goes into Ayer's Sarsaparilla, ask
 your doctor to write for the formula. Then you can
 satisfy yourself that you get the best of the sarsaparilla
 argument when you get Ayer's.
 Any doubt left? Get the "Carebook."
 It kills doubts but cures doubters.
 Address: J. C. Ayer Co., Lowell, Mass.

May breakfast.—One of the most en-
 joyable gatherings ever held in Forest
 Grove was the May breakfast given by
 Mrs. A. Hinman last Saturday morning.
 The large house was beautifully decorated
 with flowers, and good cheer prevailed
 every where. At 8 o'clock the capacious
 dining-room was opened and a feast
 spread before the happy guests. A
 breakfast in three courses was served and
 greatly enjoyed. With pleasant conver-
 sation the hour quickly passed and every
 one regretted that the demands of busi-
 ness or home duties called them away.
 Those present were: Mayor and Mrs.
 Hinman, Prof. and Mrs. Robertson, Mr.
 and Mrs. Barnes, Mr. and Mrs. Kane,
 Mrs. and Miss Watt, Miss Hinman,
 Miss Margaret Hinman, Mr. and Mrs.
 and Miss Rogers.

The Best Remedy for Rheumatism.
 From the Fairhaven (N. Y.) Register.
 Mr. James Rowland of this village,
 states that for twenty-five years his wife
 has been a sufferer from acute rheumatism.
 A few nights ago she was in such
 pain that she was nearly crazy. She
 sent Mr. Rowland for the doctor, but he
 had read of Chamberlain's Pain Balm
 and instead of going for the physician he
 went to the store and secured a bottle of
 it. His wife did not approve of Mr.
 Rowland's purchase at first but never-
 theless applied the balm thoroughly and
 in an hour she was able to go to sleep.
 She now appears as well as ever. She feels
 none of the aches and pains that it ab-
 and she has not needed any other medi-
 cine since. The balm is a most valuable
 and cheap remedy for all kinds of rheu-
 matism.
