VICTORIA'S DIAMOND JUBILEE

Completion of 60 Years as Sovereign to Be Observed in Portland, Oregon.

In all parts of the British empire the celebration on the 21st and 22d of June will be universal.

The British-born residents of the United Kingdom residing in Portland are getting in readiness to celebrate the 60th anniversary of the reign of her majesty, Queen Victoria.

On June 21st, 1897, Queen Victoria will have occupied the British throne just 60 years, the longest reign yet recorded for a British sovereign.

The respect and affection of subjects born during her reign is to be shown by notable celebrations in every part of the world.

In Portland the different British societies have had under contemplation for some time arrangements for the occasion.

An organization was perfected, Mr. Laidlaw being made president; Donald Macleay, J. C. Robinson, William Macmaster and William S. Sibson, vice-presidents.

At subsequent meetings of the general committee resolutions as under were adopted:

"That the chairman appoint a finance committee to collect funds to commemorate the event, the funds so collected to be used for such purposes as a subsequent meeting shall determine.

"That the object for which funds are to be collected by the committee shall be the endowment of a bed or beds in the Good Samaritan hospital, for the use of persons of British birth, and to be called 'Queen Victoria's Diamond Jubilee Bed.'"

In conformity with the foregoing, we have now to appeal to the British-born residents of the state of Oregon for funds to carry out the purposes set forth in the resolutions.

The object is not a local one, but the benefits will be open to persons otherwise eligible from all parts of the state, and we feel certain that amongst the thousands of British-birth resident in Oregon there is not one who would not freely contribute according to the measure of his ability.

As an indication of what funds are required, it may be mentioned that the cost of endowment of one bed is \$3,500.

JAMES LAIDLAW, Chairman, on behalf of the finance committee.

Subscriptions may be sent to R. Lea, Barnes, Esq., treasurer, Bank of British Columbia, Portland, Oregon; to the secretary, William R. Mackenzie, room 208 Worcester block, Portland, Oregon, or to any member of the committee.

The plan outlined by the general committee consists of having a concert in the O. N. G. armory, Monday evening, June 21, Mr. Francis Sealy having been appointed chairman of the concert committee.

It is also the intention to have a banquet at the Hotel Portland, Tuesday evening, June 22, Mr. Percy H. Blyth having been appointed chairman of the banquet committee.

All the net proceeds from the concert and the banquet are to go to the hospital fund.

It is hoped that many British-born residents throughout the states of Oregon and Washington will come to Portland and join in the celebration.

Any information desired by out of town residents will be gladly furnished on application to the secretary or any member of the general committee.

As this is the only means we have of reaching our friends outside the city, it is to be hoped that they will correspond early and give us their co-operation.

Legal Status of Dogs.

The owner of a valuable Newfoundland dog in New Orleans sought damages from a railroad company for killing it.

The supreme court sustains the law and refuses damages, since the dog was not assessed, incidentally defining the law in regard to dogs in general as follows:

"The very fact that they are without protection of the criminal laws shows that property in dogs is of an imperfect or qualified nature, and that they stand, as it were, between animals feræ naturæ, in which, until subdued, there is no property, and domestic animals, in which the right of property is complete.

They are not considered as being upon the same plane with horses, cattle, sheep and other domestic animals, but rather in the category of cats, monkeys, parrots, singing birds and similar animals kept for pleasure, curiosity or caprice.

Unlike domestic animals, they are useful neither as beasts of burden, for draft, nor for food."

Too Much Knife!

The use of the surgeon's knife is becoming so general, resulting fatally in such a large number of cases, as to occasion general alarm.

Mr. William Walpole, of Walshtown, South Dakota, writes: "About three years ago, there came under my left eye a little blotch about the size of a small pea.

It grew rapidly, and shooting pains ran in every direction. I became alarmed and consulted a good doctor, who pronounced it cancer, and said that it must be cut out.

This I would not consent to, having little faith in the indiscriminate use of the knife.

Reading of the many cures made by S. S. S., I determined to give that medicine a trial, and after I had taken it a few days, the cancer became irritated and began to discharge.

This after awhile ceased, leaving a small scar, which finally dropped off, and only a healthy little scar remained to mark the place where the destroyer had held full sway.

A Real Blood Remedy.

Cancer is in the blood and it is folly to expect an operation to cure it. S. S. S. (guaranteed purely vegetable) is a real remedy for every disease of the blood.

This is the age of physical perfection. It is also the age of physical weakness. While one man avails himself of every opportunity to develop and expand his manly vigor, another is passing his chances to improve his mind and body, and easily falls into the excesses which are always in his path.
