VITAE ORE. MULTUM IN PARVO.

Many prominent physicians use it in their practice extensively. Pestilence, famine, and war have done less to depopulate the earth than quack nostrums. Vitae Ore is as far above anything man can make as the sun of a tallow dip. Read about it and bless the day you tried it. Those who want some ailment to constantly complain of have no more use for V. O. than the devil has for holy water.

Vitae-Ore cures all kidney complaints, blood poisoning, diphtheria, dyspepsia, female complaints, rheumatism, piles, old sores, bruises, burns, erysipelas, ulcers, ring worm, all skin diseases, typhoid and malarial fevers, etc. It is the best blood purifier on earth, the greatest disease germ destroyer known, and yet is perfectly harmless under protracted use. Oh, suffering woman! treat yourself, be cured and enjoy life by using V. O. WHEN YOU HAVE tried every patent medicine, quack nostrum, catch-penny-humbung and doctors, without relief, and want to be cured—that if you believe God is greater than man, that His creations are better and more perfect than man's, buy this great natural remedy.

Buy none not stamped with the red ink signature of Theo. Noel, or if the envelope has been opened. Sold only on direct orders or through local agents.

It has been the desideratum of scientists for ages where to procure the mineral ore from whence flows the waters of the world's most noted healing mineral springs and in the discovery of this ore the problem has been solved. In the deep from whence it comes it is a hard, black and very magnetic mineral when exposed to the air it cracks, and 20 per cent. of it is then soluble in water, making an elixir which for the CURE of so-called incurable illis, as brights disease, all kidney and urinary complaints, general debility, loss of vitality, womb, ovarian menstrual troubles and lost manhood, all private diseases; as also all throat and stomach complaints, as diphtheria, tonsillitis, catarrh, dyspepsia. Nothing man can make equals. Nature cannot be counterfeited. Vitae-Ore will reach the nidus of every ill. We go on no theory of practice or dogma. Only the howling ethical quack who lives on the prolongation of human illis more than by curing them cry fraud against V. O. If you suffer from any ill you need V. O. worse than I need your money.
