Pythian Conclave.

Last Saturday was a gala day in the Grove for the Knights of Pythias were out en masse. Their first annual conclave was a great success in spite of the threatening weather. Early in the morning the city was gayly decorated with yellow, red and blue bunting and ribbon bedecked carriages, bearing our knightly guests, began to arrive from Cornelius Hillsboro and Glencoe twenty miles away.

After fraternal greetings had been exchanged a procession of two hundred knights and sisters bearing the national colors marched from town headed by the Grove and Hillsboro bands and distinguished visitors in carriages to the Naylor Grove.

From a stand, decorated with Pythian colors, Mayor Hinman extended to our guests the freedom of the Forest city and Knight Barrett, mayor of Hillsboro, accepted the gracious gift. His response was full of happy allusions to the brotherhood and their noble work.

A basket dinner followed and in the afternoon Hon. William Rasmus delivered an address on the tenets of the Knightly order.

At three o'clock came the tug of war which was closely contested as the successful lodge was to receive a fine banner. The first tug between Hillsboro and Cornelius lodges was won by the former, the second tug between Glencoe and Forest Grove was won by the latter and the final tug between the winners was won by the Grove. The trick bicycle riding by Mr. Shaver, of Salem, showed what can be done by an expert on this useful machine.

The bicycle races attracted much attention. In the closely contested half-mile race Harvey Baldwin won by half a length. The hundred yard slow race was won by Clyde Harris. The two mile lap race was a tie between Harvey and Oscar Baldwin each scoring nine points. The ring, trapeze and bar performance by Harris, Boos, Gleason and L. C. Greer as clown elicited enthusiastic applause.

In the evening there was a monster clambake followed by a hop in Vets hall which proved the most successful of the season.

The committee on arrangements, consisting of G. T. Hollister, of Glencoe Lodge No. 22, J. T. Dorrien, of Simonsides No. — Cornelius, L. A. Long, of Phoenix No. 34 Hillsboro, Ed Haines and Geo. Hughes, of Delphos No. 39, Forest Grove, should be congratulated on the success attending their efforts to render this conclave an event long to be remembered by the Knights of Washington county. This notice would be incomplete without mention of Delphos Temple No. 7 R. S. whose members ably seconded the committee in their work of entertainment.

VITAE ORE. MULTUM IN PARVO.

Many prominent physicians use it in their practice extensively. Pestilence, famine and war have done less to depopulate the earth than quack nostrums. Vitae Ore is as far above anything man can make as the sun of a tallow dip.

Read about it and bless the day you tried it. Those who want some ailment to constantly complain of have no more use for V. O. than the devil has for holy water.

Vitae Ore cures all kidney complaints, blood poisoning, diphtheria, dyspepsia, female complaints, rheumatism, piles, old sores, bruises, burns, erysipelas, ulcers, ring worm, all skin diseases, typhoid and malarial fevers, etc., etc. It is the best blood purifier on earth, the greatest disease germ destroyer known, and yet is perfectly harmless under protracted use. Oh, suffering woman! treat yourself, be cured and enjoy life by using V. O. WHEN YOU HAVE tried every patent medicine, quack nostrum, catch-penny-humbag and 1 doctors, without relief, and want to be cured—that if you believe God is greater than man, that His creations are better and more perfect than man's, buy this great natural remedy.

Buy none not stamped with the red ink signature of Theo. Noel, or if the envelope has been opened. Sold only in direct orders or through local agents. It has been the desideratum of scientists for ages where to procure the mineral ore from whence flows the waters of the world's most noted healing mineral springs and in the discovery of this ore the problem has been solved. In the deep from whence it comes it is a hard, black and very magnetic mineral when exposed to the air it cracks, and 20 per cent. of it is then soluble in water, making an elixir which for the cure of so-called incurable ills, as brights disease, all kidney and urinary complaints, general debility, loss of vitality, womb, ovarian menstrual troubles and lost manhood, all private diseases; as also all throat and stomach complaints, as diphtheria, tonsillitis, catarrh, dyspepsia, nothing man can make equals. Nature cannot be counterfeited. Vitae Ore will reach the nidus of every ill. We go on no theory of practice or dogma. Only the howling ethical quack who lives on the prolongation of human ills more than by curing them cries fraud against V. O. If you suffer from any ill you need V. O. worse than I need your money.
