## New Year's Greeting . . .

After three months' business acquaintance with the people in and about our Fair Little City of Oaks, we are glad to send Greetings to our hundreds of patrons. If the past few weeks may be taken as a presage, the coming year promises much for us in pleasure and profit in business. So far as we have been able to observe this may be mutual. To the opulent and those whose minds are set, the word *Regulator or Reformer* is obnoxious; so, with these, we do not look for popularity and cooperation. That part of a watch or clock known as the *Regulator* is very small (but indispensable); so while we make no pretensions to show, we have just enough in variety in stock, to *Regulate* the prices in this neighborhood; so we are becoming known as the *Regulator of Prices* in Forest Grove. How it is, many have wondered, but the solution is simple; others profess to be, but it is an *Open Secret* that the *Bazar* is the only *Spot Cash* place of business in Forest Grove. *Facts*.—others sell at a net profit of from 40 to 50 per cent. to enable them to do a profitable business, after loss upon customers who do not pay. We ask no man to pay another's bills. *Pay for what you get when you get it.* Upon this basis we do a profitable business upon *half the profits* our competitors ask from their paying customers. To those who have not visited us, ask your neighbor who has, about our goods and prices, and then you will come and see for yourself. *To all we extend the Season's Greetings, in wishing you a Happy and Prosperous New Year.*

Very Truly,

THOMPSON & SON,

FOR THE BAZAR.

## LOOK AT ME NOW.

One year ago last February  
I was taken down with Sciatic  
Rheumatism. I finally had  
to resort to crutches. I suf-  
fered excruciating pain. I  
took Vitae Ore and am with-  
out pain, and can sleep as well  
as I ever could. My kidneys  
were very bad and bothered  
me very much, and that is all  
removed. I now feel as well  
as I ever did.

You can inquire of any busi-  
ness man in town and he will  
tell you the same as I have  
said in regard to my afflic-  
tions. I will publish more  
testimonials that reside in Ore-  
gon soon for the good of the  
human family.

I keep Vitae Ore on hand.  
Try it. It cured me, and it  
will cure you if you use it ac-  
cording to directions.

General Agent,  
Forest Grove, Oregon.
