

STUDENTS VISIT MODEL FARMS.

Thirty Agricultural College freshmen, through the consideration of Senator R. A. Booth, of Eugene, were enabled to visit the leading farms of the Willamette Valley last week, and did not overlook Washington County. Dr. Withycombe, director of the Corvallis experiment station, former state veterinarian, and leader of the party, owns a fine farm near Hillsboro, and while not the largest or most pretentious it is one of the best stocked in the state. In the party were F. A. Williams, F. A. Hills, C. J. Curran, Y. J. Dodson, F. A. Doty, B. H. Gill, R. E. Smith, Wade Donnelly, J. A. Keipac, H. M. Tuley, D. V. Belorn, O. G. Simpson, K. Stewer, H. Cecil, F. L. Kent, Dr. J. Withycombe, F. A. Dowty, J. C. Wright, Thos. R. Brown, R. B. Cody, H. C. Curin, E. R. Curin, G. Kabe, Roy Booth, Samuel Damon, W. Weeks, V. G. Bolton, W. G. Cummings, J. H. Cummings, A. Y. Boquet, W. A. Thompson. They represented 20 counties of the state, and showed the general interest in the agricultural college as well as justified by their practical line of investigation the popularity which the school so deservedly has among the farmers of Oregon.

HILL MILITARY ACADEMY WINS OVER PACIFIC AT BASEBALL.

On last Saturday afternoon occurred the ball game between the Hill Military Academy and Pacific, the former winning by a score of 11 to 4. The P. U. boys seemed to have no desire of winning the game from the start. Ward, Sparks and Brown worked hard, but had no backing. It seems that Pacific ought to put up better ball, at least with the amount of practice they are able to get, and for the benefit of the audience.

CHRISTIAN SCIENCE.

Mrs. Mary Baker G. Eddy, discoverer of Christian Science, which in a few years has passed from a fad to a recognized faith, with numerous followers and church edifices all over the continent, has published a vigorous denial of the charge, brought up by the recent Emerson centennial, that the Concord philosopher was the real author of the system which has given her fame. Mrs. Eddy's letter is dated at Concord, N. H., June 8: "To whom it concerns: I was early the pupil of Miss Sarah J. Bodwell, the principal of Sanborn's Academy of New Hampshire, and finished my course of studies under Professor Dyer H. Sanborn, author of Sanborn's grammar. Among my early studies were Comstock's Natural Philosophy, Chemistry; Blair's Rhetoric; Whiteley's Logic; 'Watts on the Mind and Moral Science.' "At 16 years of age I began writing

Our College

Miss Frankie Payne, of Albany, a former student in Tualatin Academy, is visiting Miss Bertha Leabo. Will D. Clarke, ex '01, of Portland, visited here last Sunday. Miss Mary Bailey, president of the Senior class, spent Sunday in Portland. Messrs. Gilbert, Gates, Harris and D. Daker attended the C. A. L. O. field meet at McMinnville last Friday. Albany College won first place. Ed. Kirkwood, '98, receives the degree of Ph. D. from Columbia this year. Messrs. Wilson, Philbrook and Emmel returned from Gearhart Park last Monday, where they attended the Y. M. C. A. convention. The young men report a delightful session as well as a profitable one. The twenty-two third years have received their class pins, a very tasty and neat design of solid silver, with the monogram T. A. in white enamel and '03 in cardinal. They were purchased of Jeweler Barnes. The Index staff published the last number of their paper for this college year last Wednesday. Emery Dye enjoyed a pleasant visit with his parents at Oregon City last Sunday. The third debate between the Gamma Sigma and Alpha Zeta societies has been given up. Each society has won one debate. Miss Moseley visited with her parents near Vancouver last week. Miss Libertia Brown, '99, is expected home soon from the East, where she has been attending Columbia University. Miss Brown had an enviable record, the faculty conferring upon her the masters' degree in arts. Miss Winifred Marsh, '00, who has been in Princeton during the last school year, is on her way home. Sam Lawrence has returned to his studies after several days' absence. Mr. Lawrence was troubled with a slight case of blood poisoning. Trafton Dye left for his home in Oregon City last Wednesday. Before you leave Forest Grove get some of the college souvenirs on china, fancy plaques and pillows, of Meresse, the photographer. Selling at cost. The Conservatory of Music for the year 1903-4 is to be under the direct management of one person, Prof. Frank T. Chapman of Lancaster, Ohio, who has the highest recommendations, having had the best of training under great European masters. It is also to be hoped that a change may be made so that a direct head for the University may be placed in the chair before the opening of the next year.

GALES CITY SCHOOL CLOSING.

The Gales City school was out on Friday and the teacher, Chester Fletcher, gave an entertainment for his pupils on Saturday evening. The school house had been decorated with flowers, flags, bunting and China lanterns, and an excellent program was rendered. Especially good were the songs of the two little girls, Edna Vincent and Ada Wells. The interest in the school was shown by a large and attentive audience. Refreshments were served from 7:30 until 9 o'clock, lemonade and cake being liberally dispensed. After the exercises Mr. Fletcher detained those who assisted with the singing and gave them a delightful surprise with ice cream and cake. Those present at the special spread were: Mr. and Mrs. Hundly, Mr. and Mrs. Hines, Mr. and Mrs. Thrapp, Mr. and Mrs. Williams, Mr. and Mrs. Vincent, Misses Evelyn Wells, Alice Bateman, Eva Fletcher, Alma Wells, Gertrude Qually, Belle McClaren, Edna Vincent and Ada Wells; Messrs. Thrapp, Fletcher, Lynch, Frank Fletcher and Ray Incent. On Sunday Mr. Fletcher left for his home. He will not teach school here this fall, a fact which the patrons of the school regret very much, and he will be missed also in the Sunday School, of which he has been superintendent, a position to which Guy Thrapp succeeded. As a church worker, friend and teacher he will be missed, and followed on his homeward journey by the best wishes of a host of friends.

for leading newspapers and for many years wrote for the best magazines in the South and North. I have lectured in large and crowded halls in New York City, Chicago, Boston, Portland, Me., and at Waterville College, and have been invited to lecture at London and Edinburgh. "In 1883 I started the Christian Science Journal, and for several years was the proprietor and sole editor of that journal. In 1893 Judge Hanna became editor of the Christian Science Journal, and for ten subsequent years he knew my ability as an editor. In his recent lecture in Chicago he said: "Mrs. Eddy is from every point of view a woman of sound education and liberal culture." "Agassiz, the celebrated naturalist and author, said: "Every great scientific truth goes through three stages: First, people say it conflicts with the Bible; next, they say it has been discovered before. Lastly, they say they have always believed it." "The first attack upon me was: "Mrs. Eddy misinterprets the Scriptures; second, she has stolen the content of her book of Science and Health with Key to the Scriptures from none P. P. Quimby, an obscure, uneducated man, and he is the founder of Christian Science. Failing in these attempts the calumniator has resorted to Ralph Waldo Emerson's philosophy as the authority for Christian Science. Lastly, the defamer will declare as honestly 'I have always known it.' "I am rated in the National Magazine (1903) as standing eighth in a list of 22 of the foremost living authors. I claim no special merit of any kind. All that I am God has made me. I will wait at the cross to learn more definitely from my great Master, but not of the Greek nor Roman schools—simply how to do His deeds."
