United States Senator Charles W. Fulton has happily remembered the loyalty of his friends in the Legislature with large souvenir photographs, of which the engraving is a reduced copy. Washington County was fortunate in having representatives who voiced the sentiments of the people, and the only regret is the absence of the State Senator's picture. Care will be taken next year that the State Senator then elected shall be one whose portrait can appear with the other successful supporters of Senator John H. Mitchell, when Oregon's greatest statesmen succeeds himself four years hence.

**FOREST GROVE PUBLIC SCHOOL.**

Principal Ward Swope, who has given such satisfaction to the patrons of the public school, has submitted this report for the year ending June 12, 1903:

Number enrolled: Boys, 145; girls, 153; total, 298.  
Average monthly enrollment, 213.  
Average daily attendance, 198.  
The great difference between the total enrollment and the average enrollment was caused by the large number of immigrant families whose children would enter school, but in a few days or weeks would move out of the district.

The men and women who early heroism in braving the perils of the new country and the hardships of the overland journey across the continent made possible the Oregon we now enjoy, have been gathered this week in Portland in annual reunion. The passing years have decreased their numbers but not apparently diminished their vigor, and those who gathered at this 1903 reunion show by their bearing that they come of sturdy stock.

Mr. A. Dixon is now ready to saw wood in any part of the city and surrounding country. Leave orders at store one door north of Ed Naylor's. Prices reasonable.
