**An Animal Story For Little Folks**  
**The Lazy Lion**

There was once upon a time a young lion who often went out in the fields and watched the larger lions play baseball, and he often thought how happy he would be if he was only big enough to take part in their games. Well, he grew and grew, and after awhile it seemed to him that he was of baseball size, and he decided to begin to play. Now, it happened that this young lion's principal fault was that he was lazy, and when he got to thinking about how much running around he would have to do as a baseball player he almost became discouraged. After some time spent in thinking this over he determined, however, to try the game anyway. "I'll go off to the coconut tree now and get a ball," said he to himself, and off he went to where the tall trees rose from the sandy soil of the plain. Away up above his head he saw the nice round coconuts hanging to the

 boughs of the tree, but there was not a single one of them on the ground. "Now, it is entirely too warm for me to spring up there and knock one of those coconuts down," he said. "I'll just sit here and wait until one of them drops to the ground." And then the lazy fellow sat down on the sand and closed his lazy little eyes and went sound to sleep. He slept and he snored, and he snored so hard that he jarred a coconut off the tree, and it came tumbling down like a rifle ball. I wonder if you can guess where it fell. Why, it struck the lazy lion square upon his lazy nose. "Mercy!" cried he. "I'll never again wait for anything that I can get quicker and with less pain by going for it." And Mr. Lion was cured of his lazy habits.—Pittsburg Dispatch.
