Ese Caterpillars' Ball

The caterpillars' dance was the biggest thing that the caterpillar family had given for many and many a long day, and you may rest assured that not one of the invitations tha sent out was thrown away.

But one of the little caterpillars dropped a piece of chewing gum on the floor, and right in the midst of the whole affair Mr. Earthworm slipped on it, and down he went in a heap on the

Everybody cried "Oh!" for they thought that he must have been hurt, but he sprang up quickly enough and was ready to keep on dancing. But, wonderful to relate, the earthworm got up wrong end foremost and began to dance around upside down, for you know that one end of an earthworm looks as much like his head as the other. But the caterpillars knew the difference, and they all thought that he must be a ghost. The lady caterpillars screamed, and the gentlemen cater-pillars jumped out of the window, and that ended the big ball, except that when Mr. Earthworm started to go home a crowd of caterpillar policemen caught him and sent him to jail for three summers for his badness.
