

CLOTHING

The Most Desirable New Styles are Represented Here.

THE CROMWELL

Special efforts have been made in doing our buying to get the best merchandise possible for the Season just opened. How well we have succeeded is not for us alone to say, but we invite the public to come and inspect, then join us in the verdict. On our part this verdict is already rendered, and each day strengthens the belief that the trade shares with us this opinion.

Our Clothing and Gents' Furnishing Goods Department is particularly well equipped and beyond criticism when compared with the best work of custom tailors. The new styles shown in the larger cities are the same that we show.

Our Suits and Overcoats are the marvel of critics; they combine quality, fit, and price to suit any pocket book. We invite your patronage, guaranteeing the best of treatment.
