The "Harvard" Sack

Take the "Harvard" for example. It is just the style to show off a young man to the best advantage. The coat is the garment that displays the artistic qualities of a suit—examples of what "good clothes" should be. Try one on. See that the collar fits snug, the shoulders seem moulded to your own. It has a style and dignity that is never found in ordinary clothing.

These are qualities you should seek in clothing, and the ones we have to offer you in ours.

The "Newport" Sack

Have you seen the "Newport?" It's a three-button sack suit that has hit the fancy of the Smart Dressers. The young fellows like it particularly, and we know a number who don't justly class as young, who are wearing it, too. It is a handsome style, but it is only one of the many styles we are ready to show you.

These are representative of the best work of the designers, and, upon inspection, we feel sure of convincing you that style, quality, fit and prices are right.
