Invitations are out for a reception to be given Friday evening, April 29, to the participants in the local talent theatricals, by the Lewis & Clark Centennial Club and the Woman's Relief Corps.

The ball given Saturday evening at the Opera House was the best of the season. About fifty couples attended. Parson's Orchestra, of Portland, furnished the music. The affair was attended by many from Forest Grove and Portland.

Cornelius

Messrs. A. C. and E. R. Reynolds, of Illinois, have purchased the tract of land adjoining Cornelius known as the Ohle Addition to Cornelius. H. G. Fitch, real estate agent, made the sale.

A. C. Reynolds went to Portland, Monday night, to meet his family which is expected to arrive there on that day from the East.

A gentleman by the name of Roberts has rented the home of Wm. Stratton and has moved in with his family.

Elder C. E. Bennett, of Goldendale, has been holding a series of meetings at the A. C. Church, at this place, at the request of Pastor Anderson. The meetings were well attended and all seemed to enjoy them.

Rev. F. S. Clemo, former pastor of the M. E. church, made Cornelius a visit Tuesday, April 26th. He is now stationed at Beaverton.

The voters who have not registered should attend to the matter as soon as possible as registration closes the 15th of May. Registering for Cornelius precinct at office in Bunnings livery barn.

Miss Louise Moobery filled the portion of the term of school for which she entered into contract, on Wednesday last, April 20th. Miss Moobery has had considerable experience in teaching young ideas how to shoot and we believe she has fulfilled her duties to the entire satisfaction of the district.

Measures have been taken to render our meetings during religious services more quiet and orderly, and we rejoice to see that the hint has been taken without having to resort to extreme measures. Thoughtlessness of other people's comfort and well-being often lead to dire results and we are thankful that "A word to the wise is sufficient."

Communication

Editor of the News:
In the "News" of the twenty-first inst. appeared a well written article from the pen of Hon. W. J. Wall, of Hillsboro, urging the farmers and others to give their aid and support in procuring a creditable exhibit for the coming state fair and the Lewis and Clark Exposition, all of which I heartily endorse. And if we are to have a display worthy of our country it is full time to begin our work, as the season for planting will soon be past. But how shall we get the people interested in the work? I suggest by agitation. Let our doctors, lawyers, merchants, bankers, farmers and every one quit talking politics one week and talk of the 1905 Exposition. We have a large number of well organized Granges in this county. Why not discuss this question at your next meeting, brother patrons, and insist that each member make an effort to produce something which will help along the good work? Nearly all of our merchants and professional men have a good garden spot; a splendid place to raise some choice vegetable or fruit. Try it gentlemen. Let us make a "long pull, a strong pull and a pull together," and again the banner of victory shall wave over our exhibit at the state fair and Washington county products shall be the pride of the state at Portland, 1905.
