### 'Varsity Locals

The base ball nine played its first game last Saturday with a picked town team. A game had been arranged with Hillsboro, but they did not come, and a picked team from the town played. The score was 23 to 3 in favor of the school boys. The town boys played very ragged, but the college boys played an almost errorless game. The manager of the team is arranging games with Monmouth and some of the Portland teams.

The Faculty's new tennis court is rapidly being finished, and will be the best in the city, when finished.

A number of young enthusiasts, accompanied by Profs. Bates and Smith, took a bicycle ride to Hillsboro last Friday evening. The evening was ideal, the wheeling good, and the little party report as having had an excellent time.

Mr. Shephard of O. A. C., was up here over Sunday in the interests of the Y. M. C. A. Sunday afternoon at 3 o'clock, an enthusiastic "Gearheart Rally" was held, and many of the boys signified their intention of going to the Gearheart conference, which is to be held at Geatheart, commencing May 28, and lasting nine days.

The Y. W. C. A. girls held a May Morning Breakfast last Saturday morning, and realized considerable money from it. They want the money to send delegates to the Capitola conference, which convenes at Pacific Grove, California, the last of this month. The girls fed about 150 people that morning.

The long heralded "Training Table" for the track athletics, has at last materialized, and the members of the team are enjoying the delicacies of Laughlin's new hotel. The "Table" will run for about a month. At present there are 12 boys eating there. The purpose of such arrangement is not so much because of better food, but to get the boys together, and to create a spirit of enthusiasm among the boys.

President Ferrin left last Thursday for an extended trip east, in the interests of Pacific University. Before leaving President Ferrin spoke very encouragingly of the prospects for Pacific University in the future, and said that they expected to erect some new buildings in the near future, and otherwise further equip the school.

Next Saturday Pacific holds her first athletic meet of the year, with Columbia University. The contest will be held on Multnomah field, Portland. The team, accompanied by the coach and manager, and a large crowd of rooters, will leave on the early train Saturday morning.

### Banks

The Grange of Banks will give a dance on the evening of the 14th, in Dooley's hall. Music will be furnished by the S. A. Walker orchestra, and a box supper will add to the merry making.

Mrs. A. W. Purdin is out from Portland visiting her many friends and relatives here.

Grandpa Carstens who has been very low with typhoid pneumonia is improving.

The roads have been full of potato wagons of late, the farmers taking advantage of the prevailing high prices.

Promptly at 6 o'clock, mornings, the whistle of an 80 horse power boiler will awaken the logging snoozer around Banks. Our hustling saw-mill man, Joe Mahoney, is enlarging his plant by putting in new power. His timber will be put on the yard by a 40 horse-power donkey engine under the auspices of Z. N. Seelye & Son.

The dance at Banks a few nights ago was well attended, all report an excellent time.
