Mr. S. A. Walker and wife departed Wednesday for Astoria, where the annual session of the I. O. O. F. is being held. Mr. Walker is delegated from Washington Lodge No. 48, and is well deserving of the honor accorded him, he having been a member of this lodge nearly 20 years and in this time he has been an active and creditable worker. Mrs. Walker accompanied him on the trip and they will combine business with pleasure.

Report came to us this afternoon that a young man named Theodore Neep, had swallowed quite a quantity of carbolic acid. The young man was working for Mr. Pollock, south of town.

Come the republican rally on the 25th, city park Cornelius.

The time for registering votes is past. Those who have failed to improve the opportunity will require the signatures of six individuals who are owners in fee simple of some portion of this terrestrial ball, as witnesses to the fact that they are fit subjects to exercise the right of franchise on election day.

A motley combination with certain nostrums and soap for sale have been holding forth in this city for several nights. The shekels seem to come in a satisfactory manner, as there is no evidence of a cessation of the allurements. Under the old time allopathic treatment, an emetic was considered preferable to the bleeding process.

We understand there has been several bids handed in for the job of cleaning up the city park, ranging from 40 to 200 dollars. The estimates on the amount of labor necessary to accomplish the work seems to differ somewhat.

The Base Lime Lumber Co. are moving their machinery down from Scoggins Valley, and we expect soon to hear the whistle, and that they will soon be shipping a large amount of lumber from this point. They have over two million feet of logs within reach of the mill as a starter. The expense has been heavy, but once established at a point so near the market, the tide will turn and the profits will be large at a mere expense.

The milk haulers faces wear an expression of placid satisfaction nowadays and the horses are coming back to their normal condition. When we think of the strain upon the vitality of man and beast of the last four months, we can realize something of the inexorable will power of the American citizen.

#### Fernhill

The "last day" exercises of the Fernhill school were held Saturday evening. The school house was packed with friends and relatives of the school children. The songs and recitations were well selected and as well delivered. A play "The Green Mountain Cousin" was exceptionally well given for amateur talent, and we predict a successful career for the pretty "country cousin," Miss Ida Aultman, if she chooses the stage as her vocation.

#### Garden Home.

Garden Home turned out to attend the funeral of Mrs. Anderson of Progress, who died of cancer the 10th day of this month. She lived here some years ago for several years.

Mrs. Morganson has been quite ill for several years.

Today the 13th, is the last day of school.

Emma Nicholson sprained an ankle quite severely Friday.

We see the "For Sale" sign up on Hans Peterson's place.

The mill has not been running the past week on account of some break about the engine.

Quite a number of the mill hands went to the dance Saturday night.

Mr. Delashmet, Mrs. Winfield, Mr. and Mrs. Dood, Mr. Lloyd Jones and Mr. George Branson spent Sunday evening at George Peterson's. Mr. Jones brought his violin and music was the order of the evening.

George Peterson and family, Mrs. Mary Spencer, Miss Emma Spencer, and Mike and Anton Blasick went picnicing to Sucker lake Sunday, and had quite a nice time although the suckers they caught were on the wrong end of the line.
