Papers Filed at Hillsboro

Hillsboro, April 12.—Lafe Pence, of Portland, has filed articles with the Washington County Recorder of Conveyances, reserving the riparian rights of two streams in north Washington County—East Dairy Creek and McKay Creek. His filing sets forth that he appropriates 125 cubic feet of water per second out of Dairy and 75 cubic feet per second out of McKay Creek. The canal, according to the draft, is to be 20 miles in length, will have six huge reservoirs, and its dimensions will be ten feet bottom and four feet depth. The water, according to his plan, will be used for irrigation, domestic use, household and municipal purposes, and will be used to generate power for electrical purposes. The pipe line is to be known as the "West Portland Canal and Pipe Line." The canal will run generally southeasterly in course, and it will take all of \$1,000,000 to finance the enterprise. The surveying has been finished by A. W. Shearer, who for years followed mining engineering in Southern Oregon.

How to Cure Insomnia

(Philadelphia Inquirer)

Lying awake is often a habit. It is worth almost any effort to break up such a habit.

Insomnia is usually the result of one of three things—poor circulation, indigestion or mental distress. The person studies himself carefully will be able to locate the difficulty and treat himself accordingly.

For poor circulation try warm baths, warm-water bottles, brisk rubbing, soaking the feet and deep breathing.

For indigestion take a warm drink before retiring or when sleepless. Drink warm water, warm milk, weak tea or cocoa and breathe freely.

For mental distress mere will power is the best. Close the eyes and as fast as the thoughts come drive them out. Carry on in the mind a housecleaning process.

Sweet sleep and plenty of it will go a great way toward keeping women young. When sleep departs wrinkles come.

It is by sleep that we gain strength for another day. Sleep is to the brain and nerves what food is to the body.

Here are a few simple, tried rules for driving away insomnia.

Go to bed warm. Never go to bed with cold feet.

Leave the window down at the top and protect the bed from draughts.

As soon as the body touches the bed relax the muscles, shut the eyes and make ready to sleep. Nothing drives away sleep more quickly than the thought that one can't sleep.

Amicably Settled

Referring to articles which have been given space in the papers of late concerning the matter in which attorney J. N. Hoffman was called into the United States District Court by W. H. Lyda alleging fraud and irregularity in the matter of his procedure in the Joseph Mahoney bankruptcy case in which he is acting as Trustee, I wish to state that I was induced to sign the petition on the representations of B. P. Welch, and with the advice of W. H. Hollis as my attorney, which representations I now believe to be without foundation. I have repaid J. N. Hoffman all his costs and expenses in the matter, and have withdrawn and dismissed the matter as being not worthy of consideration.

Dated at Forest Grove, Oregon, this 8th day of April, 1905.

W. H. LYDA.

On making personal investigation later I found no foundation for the complaint.

W. H. HOLLIS.

New Brand of Flour

The Crescent Mill will next week put out a new brand of flour which will be called "Victor." This new brand will be made from the very best No. 1 blue stem hard wheat which is raised in Eastern Washington. This is the first mill to begin the grinding of hard wheat in this county, but the miller who is in charge here has had considerable experience in the grinding of hard wheat, and the proprietors feel confident of its success and at the same time feel that they are filling a long needed want here. There are a great many Easterners coming here who prefer the hard wheat flour to that of the soft wheat and when they buy a sack of the "Victor" brand they may rest assured that they are getting a flour that is not blended or mixed. The market price for the 50 lb sacks will be \$1.30

Andrew Will Give \$20,000.

President Ferrin of the Pacific University has received from Andrew Carnegie an offer of \$20,000 for the erection of a library building at the University. The money is given with the provision that \$20,000 new endowment be raised among friends of the institution for the maintenance of the building. The first \$500 of the additional endowment was subscribed Tuesday.

Pacific has the largest and most valuable college library in the state, containing almost 14,000 volumes, among them many old and rare books. They are at present kept in the library rooms in Marsh Hall, which are too small.

THE CHORAL CONCERT

Conservatory Will Raise Funds to Purchase New Pipe Organ.

The Choral Union will give its concert next Wednesday evening April 19, 8 p. m.

The Cantata for female voices, "Young Lovel's Bride" will be given with Miss Moseley soprano; and Miss Wood, contralto, in solo parts. The beautiful trio "Lift Thine Eyes," from the Elijah by Mendelssohn, also for female voices, will be a feature. The ballad, "Fair Ellen" by Max Bruch for mixed voices with Miss Shannon, soprano, and Mr. Witham baritone as soloists, will be rendered. The composer here gives a work based on a Scottish myth and the old Scotch air "the Campbells are Coming," is utilized in the words and music. The reverent spirit of that people is also utilized in the magnificent hymn of praise and thanksgiving ending the work. However the strongest chorus work of the evening will be the Hallelujah Chorus. When the king of England in Handel's time first heard the Messiah and rose to his feet at the commencement of that glorious chorus and the entire audience stood with him, the people have universally paid it the honor which it deserves, and yet the audiences arise when the majestic chords of the Hallelujah begin. It is an all but universal custom.

Besides the chorus, Miss Irene Cadwell, will give the pathetic Sonata by Beethoven, one of his most noted and also most popular piano sonatas.

Mr. Lauren Pease, who is a favorite tenor soloist with Forest Grove people, will give us two numbers completing a strong program.

The concert is for the benefit of a new pipe organ. Forest Grove has never had a pipe organ and the musical work of all kinds demands that necessary instrument. F. T. C.
