

WANT DIRECT PRIMARY

Leading Republicans of This City
Are A Unit In This
Belief

Recommending Convention Would
Be Unpopular And Cause
Discord

The News has taken the trouble to interview as many of the leading republicans in this city as could be seen, on the subject of holding conventions as a means of recommending candidates for the primary to be held next spring, and it finds that they are a unit for giving the primary a fair trial.

The same question was put to each person interviewed and the questions and their respective answers follow: "Are you in favor of holding conventions just the same as before the primary law was passed, for the purpose of recommending candidates to the voters?"

Dr. Chas. Hines--No, I don't believe I am. If you are going to have a direct primary, why have a direct primary. There will be no difference from the old way if we don't.

Judge Hollis--No sir! The people of the state of Oregon voted for a direct primary election, and it carried. I don't know of any way in which men can be selected. Who is going to do the recommending? While I did not vote for the primary law when it was before the people, I am in favor of giving it a fair trial.

J. S. Buxton--I believe the people ought to have the right to their selection of candidates without the aid of any kind of conventions, in as much as we now have a law to that effect.

B. H. Laughlin--I believe the direct primary law should be given a fair trial in as much as we now have it, so that we may see what it will do.

John McNamer--No sir. H. C. Atwell--I believe the primary law should be tried as it now stands.

Dr. E. B. Rentz--It should be direct. John Thornburgh--I think it should be direct. I did not vote for it at the general election for I think that it will give large cities the advantage over the rural districts, yet I want to see it tried as it stands--direct.

R. M. Dooley--Give us the law as it now stands. Col. Haynes--I don't know a thing about it. I have never read the law and I wouldn't like to express my views until I know more about it.

Sen. E. W. Haines--The safest thing to do is not hold a convention of any kind, for I fear it would work a hardship on the party undertaking it.

Family Reunion and Birthday Anniversary

On Sunday, Aug. 13, at the home of Mr. and Mrs. G. W. Markee, was held the usual annual reunion of the Markee family, in honor of the 87th birthday anniversary of Mr. Samuel Markee, one of the old pioneers of Washington county.

It has been the custom for his children for the past seven years to meet at some of their homes in honor of his birthday. As the 12 inst marks the 24th anniversary of Mr. and Mrs. G. W. Markee, the gathering this year served to commemorate that as well.

Father Markee has 7 children, 25 grandchildren and 24 great-grandchildren living. Interest was furthered this year by the presence of Mrs. M. J. Markee and her son Asberry, of Potwin, Kansas, sister-in-law and nephew of Mr. Markee, who greatly enjoyed greeting those of the family, some of whom they had not seen for forty years. And also Mr. Benj. Markee of Quincy, Ill., nephew of Father Markee.

After the bountiful repast, which

was enjoyed by all, those present were entertained by vocal music rendered by Benj. Markee, who is a member of the famous Markee Family Band and a singer of considerable ability; the accompaniment was played by Miss Daisy Morgan, after which they dispersed to their several homes wishing Father Markee many more happy birthdays. Those present were: Mr. Samuel Markee, Mr. and Mrs. J. S. Royal, Forest Grove; Mrs. M. J. Markee and son Asberry, Kansas; Benj. Markee, Quincy, Ill.; Mr. and Mrs. O. W. Tarr, Ill.; Mrs. Jennie Hines and son Harvey, of Portland; Mrs. R. Bunker and Miss Lulu Owens, Lebam, Wash.; Mr. and Mrs. Quick and Oral Gardner, Mountindale, Ore.; Mr. and Mrs. Chas. Hayes, Hillsboro; Miss Daisy Morgan, Mr. and Mrs. G. W. Markee, Lowell Markee, Merl Markee, Archie Markee, Glenn Markee and Louella Markee of Forest Grove.

Weekly Crop Bulletin.

Dry weather continues and the need of rain is becoming more urgent. Streams are getting low and pasturage is becoming very short, except on tide lands and on the mountain ranges. Stock, up to within a few days ago, kept in good condition, but now cattle are losing flesh except where they are helped by an extra feed of hay. The harvesting and the threshing of grain are being rapidly pushed and some farmers are through with this work. Fall wheat and barley yields continue good. The straw of Spring wheat was heavy and the heads were large, but the berry shriveled during the recent hot weather, with the result that the yields in nearly every section of the state are less than expected. Oats suffered similarly, and, while the damage was possibly not so great as in the case of Spring wheat, oat yields are also disappointing.

Corn and late potatoes need rain; the hot days curl the corn leaves, but they freshen up again during the coolness of the nights. Hops are uneven, and regarding the condition of the crop are conflicting. Sugar beets in the Grande Ronde Valley are promising, but the crop is not so good as it was last year at this time. Peaches are plentiful in the markets. Apples are smaller in size than usual, but otherwise the yield in the well-kept orchards promises to be nearly an average one. Prunes have dropped more than usual at this season of the year.

Pertinent Questions.

Editor News: We wish to ask if there is not a sufficient number of honest men in Forest Grove to run the City Government, who will carry out the principles and issues upon which they were elected. At the last election the present officers were elected with the distinct understanding that there was to be a closed town or a licensed saloon, the conservative voter says, "If we must have a saloon let us have some revenue to the city." Now there are three saloons open day and night, and not a cent of revenue derived therefrom. If the City Council has no power to issue license as has been decided by the Court, then it is the duty of the Mayor and City council to see that the town is closed until the charter is changed or the decision reversed.

Please let us hear from you or some of your readers, telling wherein your city was benefited or improved by change of officers at last election.

Deer Meat \$10 Per Pound

Upon a complaint made by a party residing on Gales Creek, Chas. Miller, Sam Varley, Charley Stephens and "Dad" Armentrout were arrested by the game warden and sheriff on the charge of having deer meat in their possession in the closed season. They appeared before Justice of the Peace Bagley at Hillsboro, yesterday and pleaded guilty to the charge, and were fined \$25 each and costs, amounting in all to \$107. The boys think this a rather stiff price for "mountain goat" as it figures at about \$10 a pound, but paid their fines and swore that if a buck should stand in front of them all day it wouldn't tempt them to shoot.

Accidentally Shot

Earl C. Gray, son of Mr. and Mrs. P. H. Gray formerly of Blooming, Ore., now of Bedford, Klamath Co., Ore., met with a painful accident while out hunting a few days ago that may cause him the loss of his left arm. When removing his gun from the boat, it was accidentally discharged, shooting him through the arm, breaking the bone in three pieces, and splintering it so that several pieces were removed. The doctors are in hope of saving the arm, but amputation may be necessary.
